

U-BOAT CRIME HASTENS WAR

A week from Monday Congress will meet in extraordinary session, the most important since the Civil War. World history will be made. No national or international event can be overlooked by THE TRIBUNE which has the combined telegraphic news services of all other daily papers—Associated Press (exclusive for Alameda County), United Press, International News and Pacific News.

WAR TALK.
CHICAGO, March 23.—A wave of patriotism and martial ardor such as never before was known is sweeping Chicago. Peace talk is a thing of the past, and every day adds impetus to the sentiment that has burst into flame since the first session of Congress was called, and four American ships submerged.

Recruiting is at its height; manufacturers are preparing to supply army and navy wants; yacht owners and lake seamen have organized for coast defense and U-boat protection. The Red Cross is recruiting with aplomb for memberships, and the packers and commission men are clearing the decks for quick action in feeding the nation's defenders.

Practically every high school in the

arm river bridges at Pittsburgh are necessary in the national interest" was today declared imperative by Secretary of War Baker.

UGH! A DOSE OF NASTY CALOMEL

It Salivates; It Makes You Sick and You May Lose a Day's Work.

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a 50-cent bottle of Dose's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up, better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dose's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.—Advertisement.

PRINCE RUPERT RUNS ASHORE IN SNOWSTORM

VANCOUVER, B. C., March 23.—The Grand Trunk Pacific steamer Prince Rupert, Captain McKenzie, which left Prince Rupert at midnight for Vancouver, is ashore on Gann Island, one mile east of Lawyer's Island light, and is reported to be extensively damaged. The steamer ran ashore during a heavy snowstorm and her distress signals place the time of the accident at 1:40 a. m. Assistance was sent from Prince Rupert and the passengers were taken off by tug at daylight and returned to Prince Rupert.

Captain C. H. Nicholson, manager of the Grand Trunk Pacific steamers, is at present down south, but Assistant Manager Reginald Beaumont immediately ordered the British Columbia Salvage Association to take action and they despatched the salvage steamer Salvor from Victoria this morning.

The Grand Trunk Pacific steamer Prince George, which is now at Prince Rupert undergoing overhauling, will be rushed out to pick up the northern service.

GAME BILLS ARE URGED BY SOLONS

SACRAMENTO, March 23.—Senator King's non-sale of trout bill, proposed by the State Fish and Game Commission and aimed particularly at market fishermen at Lake Tahoe and on the Truckee river, was recommended for passage by the Assembly Fish and Game Committee. The vote was 6 to 5. The measure has already passed the Senate.

Other fish and game measures to be reported for passage were:

By Doran—Permitting hook and line fishing in salt waters without a fishing license.

By Senator Slater—Requiring a person who kills a deer to test and tag the horns at least ten days for inspection by game wardens when requested.

By Senator Johnson—Providing that water eels under twelve inches in length and placing the bag limit at fifteen.

By Senator Johnson—Licensing taxidermists.

By Senator Slater—Authorizing the State Fish and Game Commission to insure its property against fire up to \$10,000.

By Senator Luce—Prohibiting the trailing of deer with more than one dog.

By C. H. Brown—Making it a misdemeanor to kill or ship non-game birds.

By Farmer—Providing that California whiting may be caught only with a hook and line in fish and game district No. 19.

COMMITTEES MEET.

The Sacramento Chamber of Commerce mediation bill for public utilities labor disputes, introduced by Assemblyman Goetting, issued today from the committee on public utilities with the recommendation "Do not pass."

The adverse recommendation was obtained by a vote of 5 to 6. An effort of labor leaders to have the measure tabled was previously voted down.

Three other measures were recommended for passage by the Assembly Public Utilities Committee today.

By J. J. Hayes, to prevent the use of fraudulent telephone slugs; by Calahan, to require railroads to pay for repairs where their tracks cross paved streets; and by Satterwhite, to remove the specifying of nonmetallic paint from public utilities' contracts whose price is now fixed by the State Railroad Commission.

WOMEN.

The Women's Legislative Council of California won the first round of its fight to legalize the sale of women's furs when the Senate Judiciary Committee last night approved the passage of Senator Brown's bill.

Winning them that right, Benson's measure amends the code of civil procedure to read that furs shall be considered "personal property." The present law defines furs as "a body of men."

Mrs. Herbert A. Calahan, president of the council, and Miss Margaret Ozden of Oakland spoke in behalf of the bill.

MAY RETAIN TIPS

SACRAMENTO, March 22.—The Lyon bill prohibiting employers from soliciting or receiving fees for giving employment was passed by the Senate 29 to 1 and sent to the Assembly. Ballard of Los Angeles cast the negative vote.

Lyon said his bill was aimed to stop the practice of persons owning tipping privileges in hotels and cafes hiring men and women at small wages and requiring them to turn in the money they receive in tips.

RECALL ACT FAILS

SACRAMENTO, March 22.—The Assembly this morning defeated Friedman's proposed amendment to the constitution affecting the recall of public officials by a 45-to-14 vote. Friedman's measure was designed to permit petitions in a recall movement to be filed within sixty days of the filing of a recall petition, and sought to permit fifteen per cent of the voters at the last election to cancel the effect of a recall movement.

PLAN'S SERMONS

"If a Man Die, Shall He Live Again?" the universal question, will be discussed by Rev. William Day Simonds, pastor of the First Unitarian Church, Fourteenth and Castro streets, in a series of sermons on the next three Sundays. He will speak this Sunday on "The Answer of the Angels." "The Changing Vision of the Church" will be his subject Sunday, April 1. At an Easter service and sermon Sunday, April 1, Rev. Simonds will preach on "The Latest Word of Religion and Science on Man's Immortality."

PLOT UNEARTHED

HAVANA, March 23.—A letter concealed in a sandwich which the wife of one of the revolutionary prisoners sought to give her imprisoned husband, resulted today in discovery of a widespread plot at Principe Castle to effect release of General Gomez and his associates, waiting trial.

Secret police arrested a captain of the prison guard and a number of his men.

Roos Bros Trench Coats

Easily one of the smartest of our Spring Overcoat Styles. Originally modeled on military lines, now adapted to civilians' use. They come chiefly in Grays, Fancy Overcoatings \$25 and Browns; decidedly dressy. FOR

ANOTHER clever Spring Model is a new "Pinch-Back," neatly form-fitting, but not unduly so—A very clever Overcoat FOR \$20

SUPPLY IS NORMAL

SACRAMENTO, March 23.—Assessors of forty-seven counties have submitted reports to the State Board of Equalization on the amount of foodstuffs stored in the warehouses of their various communities and the conclusions drawn indicate that the supply is only normal. A survey of the four counties was taken by the assessors in response to a concurrent resolution introduced by Senator Nealon of San Francisco.

The investigation has shown that there is no potato shortage, said Senator Nealon today, "though there have been attempts to conceal the amounts of the supply so the prices could be kept up."

COUPLE JAILED

CHICAGO, March 23.—Mystery lurked in the background today in the arrest of Mrs. Charlotte James, bewitching artist's model, and Lawrence Ballou, said to be from Waukegan, Ind., in Mrs. James' room in the Leonard Hotel.

A federal agent was present at the arrest and the couple will be turned over to Hinton C. Claborn, chief of the local bureau of the department of justice, who usually handles white slave cases. The federal officials would make no statement.

TREATY OPPOSED

WASHINGTON, March 23.—In an effort to remove all questions of difference between the parties in the Senate during the coming extraordinary session of Congress, Senator Henry Cabot Lodge today conferred with Secretary Lansing.

Under discussion was the Colombian treaty, referred back to the foreign relations committee in the closing hours of the recent extra session of the Senate. Senator Lodge led the opposition to the document.

EXEMPT FROM TAX

SACRAMENTO, March 23.—A proposed constitutional amendment by Kyleberg and Williams to exempt from taxation any possessory right to a mining claim of not more than \$100 value, was adopted by the Lower House today, 57 to 8.

SLAIN BY TRAIN

SAN FRANCISCO, March 23.—An unidentified man, run over in the Northwestern Pacific railroad's tunnel at Tiburon, died at St. Luke's hospital this morning. His body was badly crushed and both legs cut off.

What Every Woman Should Know

Dr. Ferdinand King, New York physician and medical author, tells physicians that they should prescribe more organic iron—Nuxated Iron—for their patients—Says anaemic iron deficiency is the greatest cause to the health, strength, vitality and beauty of the modern American Woman.—Sounds warning against use of metallic iron which may injure the teeth, corrode the stomach and do far more harm than good; advises use of only nuxated iron.

Watch for large article by Dr. Ferdinand King, soon to appear in this paper, entitled "The Crying Need of the Woman of Today is More Iron in Her Blood." In this article Dr. King explains why the modern American woman requires more iron than she did 20 or 30 years ago, and shows how by taking simple Nuxated Iron, weak nervous, run-down women may increase their strength, vitality and endurance 100 per cent in two weeks time in many instances.

Nuxated Iron, recommended above by Dr. King, is for sale by The Owl Drug Company and all good druggists on an absolute guarantee of satisfaction or your money refunded.—Advertisement.

CHAMP CLARK SAYS: 'I'LL BE RE-ELECTED'

Speaker Declares When House
Convenes Program Will Go
Through in 1 Hour, 40 Min.

Laconic Missourian Reticent
on Foreign Situation; Flood
Says 'Looks Like War to Me'

By William D. Hassett,
International News Service Staff
Correspondent.

WASHINGTON, March 23.—The organization of the next House of Representatives, about which politicians have been fretting and stewing since last November, isn't worrying Speaker Champ Clark of any great extent.

The laconic Missourian returned to Washington today to prepare things for the opening of the extra session April 8. One of the first things he did was to calmly predict his re-election to the chair.

CLARK GIVES PROGRAM.

"I'll be re-elected," he told an International News Service representative. "I'll take just one hour and forty minutes to do the job. Get out your pencil, young man, and I'll give you the program. Put the preacher down for ten-minute prayer. I'll take forty minutes to call the roll and establish a quorum. Got that? Then there'll be a ten-minute nominating speech and another forty minutes for a roll call on the vote. The majority will be from one to five. That's all there is to it."

CITES FRENCH REVOLT.

The speaker was reticent about the foreign situation. He held a long conference with Representative Flood, chairman of the House foreign affairs committee, soon after his arrival. "President Wilson knows more about the foreign situation than any living man," said the speaker. "He has more avenues of information than any living man. He has ten men to advise him. And, besides, a week may see a turn in the whole situation. Remember the French revolution? Well, it started on July 14, 1789, and they didn't get their present government in France until 1871. Remember that!"

"It looks like war to me," said Chairman Flood.

SEPARATE; SUE

SAN FRANCISCO, March 23.—Filing of a suit to quiet title to a home property near San Jose by J. Andrew W. Morton, owner of the Morton Hospital in Cole street, against Dr. Ada Scott, Connor Morton's wife, brought to light the fact that the couple, whose marriage four years ago was a society event, have been separated since Christmas and that divorce proceedings are not unlikely. Mrs. P. E. Scott, mother of Mrs. Morton, said the statement that Dr. Scott had made a property settlement of \$100,000 on his wife and that she will soon sue for a divorce.

WILL AID FAMILY

While Paul Solomon of this city, an employee of the Union Water Company, lies near death in a hospital at Escalon as the result of a motorcycle accident in which his companion, Norman Stone of Alameda, was killed, fellow workers of the water company are taking steps to have the injured man's wife and child cared for. A fund for this purpose will be raised at a white party and dance to be held in Redmen's Hall, Elmhurst, Saturday night, March 31.

ANGLERS LOST

BAKERSFIELD, March 23.—After an all-day search in which 100 oil workers and business men of Maricopa joined, small parties still are seeking trace of L. F. Smith, Standard Oil Company foreman, and C. A. Rump, driller, who are believed to have been drowned in a storm on Buena Vista lake. An overturned boat which the men used in a fishing expedition was located.

DISCOVERY MAY MEAN ENDING OF INFANT SCOURGE

RUTLAND, Va., March 23.—Announcement that Dr. Edward Taylor, professor of tropical medicine at the University of Yerkes, had made an important discovery as to the manner in which infantile paralysis is spread, was made today by Dr. Charles S. Caverly, president of the state board of health.

"Dr. Taylor has apparently shown," Dr. Caverly said, "that diseased noses and throats allow the passage of the virus into the central nervous system while normal noses and throats seem to neutralize this poison. The simple process of cleansing the nose and throat with warm water in which table salt has been dissolved is perhaps as good a preventive as we have."

HIGHER COAL RATE

WASHINGTON, March 23.—The railroads of the country have made a request for an increase in the freight rates on coal. This is deemed necessary to offset the increased cost of labor to the railroads brought about by granting the demands of the railroad brotherhoods. Samuel Rea, president of the Pennsylvania railroad, urged the Interstate Commerce Commission to allow the 5 to 10 per cent increase on coal to go into effect.

Store News for Women Written by a Woman
For an Enjoyable Luncheon Come to Our Roof Garden Tomorrow

All Ready for Easter with apparel for young and old

Fashion's formal show days are over and complete stocks of styles wonderfully varied await your selection at prices within the reach of every pocketbook. As elaborate as was the showing in the Style Show it represented but a small proportion of the Suits, Coats, Dresses and other apparel assembled for Spring.

New suits for women. New top coats fresh with Spring.
New dresses hinting broadly of Easter.

Women's Dresses Suits were never more varied in their style

There are so many of them it is impracticable to describe them. Come with the certainty of seeing clever styles in silk and crepes, and wool and wash frocks. Smart tunic skirts, the loveliest of collars, many of crepe Georgette or crepe de chine. Models for regular and the extra full figure. Prices—\$14.75 to \$150.

They take in practically all lengths and lines and all effects, from the plainest of plain tailored models to the most elaborately braided and embroidered.

Women's Coats

In plain tailored and semi-fancy styles for street and motoring. Of gabardine, poplin, Poirer twill and serge with and without belts. Some with semi-fitted backs, others with full easy-swinging back; also fancy mixtures. Coats suitable for utility and formal wear. \$12.50 to \$87.50.

Jersey Suits at \$19.75

Smart belted models of wool jersey in beet, gold, green and rose. All full collars with chic trimmings and jaunty pockets.

Suits at \$25.00

Serge, poplin, gabardine, tweed, worsted checks and plain jersey; belted, semi-belted and plain tailored, some with smart plaited coat, some with novel cloth pocket effects. Other models in semi-dress, calling, reception and dress occasions, to \$130.00.

Loveliest New Easter Hats

In conjunction with our Chicago and New York offices our own three designers have been achieving wonders in preparation for Easter.

No two Hats alike in the whole collection which consists of hundreds of Trimmed Hats presenting new ideas. Some showing new effects in the smart plain styles, others with a decided tendency toward the liberal use of flowers and wings, and cockades.

Dress Hats of delicate crepe, beautiful imported Hats of novelty braids, dashing lisere sailors, lovely leghorns, hand-sewed Milans and gorgeous hair braid hats.

Priced specially at—

\$7.50, \$8.95, \$10, \$12.50

Millinery Shop—Second Floor

Millinery Sale Tomorrow in Basement Store 65 Smart Satin Hats \$2.50

Regular Values up to \$10.00

A clearance sale of fine Hats made of the very best Skinner's satin and featuring every trim new to the season. Sailors and turbans that are very serviceable and practical for street wear.

Saturday is Children's Day Lovely New Wearing Apparel for Easter

Coats, hats, dresses, frocks and the dainty undermuslins to complete the Easter outfit are in a most pleasing array.

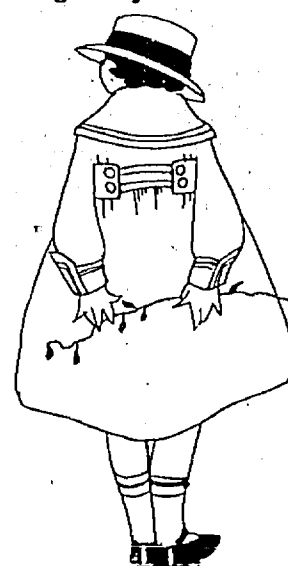

Girls' White Dresses

For Easter and Confirmation

Adorable models created from lovely organizes and nets with trimmings of pretty laces and insertions; ribbon girdles and sashes. Full skirts with ruffled flounces, tucking or shirring; stylish little waists with long or short sleeves; round or square necks and some with collars. Simple as well as more elaborate styles. Sizes 8 to 16 years. Priced from—\$3.95 to \$16.50.

Girls' Princess Slips

For the new Easter dresses. Of excellent muslin with pretty lace and embroidery flounces. 8 to 14 years.—\$1.00 to \$2.50.

Girls' Coats

Just as much care has been taken in obtaining the correct cut, excellent materials and the very latest style touches in these coats as in mother's own outer garments. Of serges, chequer checks, velours, jerseys and chevrons in chartreuse, green, gold, mulberry, rose, blue, navy, etc. Made with large collars, flared backs, full or half belts, fancy stitching and buttons. Sizes 8 to 16 years. Prices—\$3.50 to \$18.50.

Coats for the Little Tots

Of 2 to 6 years. As cunning as can be and quite the last word in style. Of velours, gabardines, serges and shepherd checks, also dressier models in taffetas. Both belted and flared models. In light colors such as blue, pink, medium shades and dark colors as navy and black. Prices—\$4.50 to \$22.50.

Children's Hats for Easter

Lovely little models of all-straw, fancy straws and silk, taffeta and fancy braids, as well as lingerie hats of organdie and lace. Cunning shapes in every desired color with dainty trimmings of ribbon, baby buds and velvet. Priced from—\$2.50 to \$8.50.

Veils and Veiling

THE NEW SQUARE VEILS add just the correct last touch to the perfect style of the Spring hat. In fancy scrolls and chenille borders. \$1.75 to \$3.75 each.

CIRCULAR DRAPE VEILS in purple, black, taupe, etc. Lovely honeycomb meshes with designs such as bow-knots, butterflies and fancy scrolls; also fillet meshes with chenille dots. Prices \$1.75 to \$3.75 each.

FANCY MESH VEILINGS by the yard in all the latest shades—purple, mauve, opalescent, black, white, navy, etc. Very highly favored by fashion, 25c to \$1.75 yard.

CHIFFON MOTOR VEILING—A new, stylish motor veil will render your next motor trip all the more enjoyable. A wonderful quality in all shades; some being rose, beige, aloye, navy, shadow lawn green, etc. \$1.00 to \$1.50.

GIRL IN SPY CASE

ATLANTA, Ga., March 23.—Authorities are investigating papers, notes and photographs found in the effects of Walter Wanderwell and Hugo Coutandin, Germans, arrested Wednesday night and held on suspicion of being German spies. A pretty German girl of 19 appeared at police headquarters and made sensational charges against Wanderwell. She said he persuaded her to leave her home in Salt Lake City on promises of marriage and that she traveled with him on foot to California. She said she left him when he refused to marry her.

HELD UP IN PARK

SAN FRANCISCO, March 23.—Held up by two unmasked highwaymen near the Stadium in Golden Gate Park, Charles T. Lund, marine superintendent for Headle Brothers, and Miss Eva Kubanks of 383 Twenty-fourth avenue, were robbed of jewelry valued at \$300. They were driving slowly in an automobile, when the two men stepped out from the shrubbery and ordered a halt. One of the men led Lund aside from the car in one direction while the other took Miss Kubanks aside. Miss Kubanks saved three diamond rings, valued at \$300, by slipping them from her fingers and dropping them upon the path. She recovered them after the robbers had disappeared.

HIGHER RATES DELAYED.
WASHINGTON, March 23.—The Interstate Commerce Commission has again

GOLFER DESERTS

SAN FRANCISCO, March 23.—Devotion to golf on the part of Spencer C. Ashlin, a well-known sportsman and member of the English nobility, is said to be the cause underlying the divorce suit filed yesterday by Winifred T. Ashlin, who alleges that her husband deserted her a year ago in Riverside. The Ashlins came here three years ago from England, and have lived in various parts of the state. Ashlin is said to receive an income of \$15,000 from estates in Doncaster, England. According to Attorney Gatlin, Ashlin's whereabouts at present is not known, but he is to be found wherever there is the most interest in golf.

suspended the proposed increase in freight rates between points east of the Mississippi and north of the Ohio until September 30.

Many Gifts for
Y. W. C. A. Result
of Publicity

MISS ESTHER ANDERSON.
—Hartsok Photo.

Week's Series of Talks Show Public Value of Institution.

Publicity week for the Y. W. C. A. has resulted for one thing in gifts to the association totalling in excess of \$1000, according to an announcement made today. The activities of the week, consisting principally of luncheons have been directed by Miss Esther Anderson, national secretary of the association who is here from New York.

A. T. Karbach of the Oakland Chamber of Commerce was the principal speaker yesterday at the noon publicity luncheon of the Oakland Young Women's Christian Association. He said:

"The Oakland Chamber of Commerce is very deeply interested in what the Y. W. C. A. is doing for the girls and young women of the east bay communities. The work of any commercial organization rests on the moral conditions of a city. The Y. W. C. A. is a most important factor in the improving of such conditions. Before coming to our city I secured literature from several Pacific coast cities looking for the one where I felt was the right atmosphere in which to raise a family. The moral conditions of a city exemplified in what the churches, the Y. M. C. A. and the Y. W. C. A. are doing."

TRACT IS BOUGHT
FOR U. S. DEFENSES

Military preparedness on the Pacific coast has taken another forward step with the purchase by the war department of a tract of 15,200 acres of littoral on Monterey bay, extending north and east from Hotel del Monte. The transfer from the David Jackson corporation to the government was completed yesterday when Secretary of War Baker signed the papers. Romie Jacks and Will Jacks, two members of the corporation, confirmed the rumors of the sale this morning.

The tract has a frontage of over two miles on Monterey bay and is intersected by the Southern Pacific railroad. The land is composed for the most part of rolling sand dunes well covered with shrubbery and scrub oak. It is understood that the government is contemplating the lease of 50,000 acres additional adjoining the tract.

A corps of army engineers will leave the Presidio tomorrow to survey the land and lay it out in accordance with war department plans. It is believed that the department contemplates the establishment there of an aviation school and an extensive mobilization camp. The tract has ten times the area of the Presidio of San Francisco.

WOMAN IS SUICIDE.
Mrs. Persha Rogers, divorced wife of a local attorney, died at the Emergency hospital early today as a result of having swallowed poison at her home in the El Nido apartments yesterday afternoon. Melancholy is ascribed as the cause.

WATCH DRILLERS

HARTFORD, Conn., March 23.—Governor Holcomb has amplified his statement that men hostile to this country were engaged in military drilling nightly in Connecticut.

"I believe it to be a fact," said the Governor, "that here in Hartford and other cities there is drilling going on by organizations of men born under foreign flags. Many of these drilling bodies are not Germans. That is not the point. The point is that German agents are working on their minds."

"I know it to be a fact that a Polish organization in a city not far from Hartford is already split because German agents have told the men they ought to resist Germany because Germany has been a better friend of Poland than Russia."

TO PROBE DEATH

After lying in his room at the Sherman Hotel, 808 Webster street, for several days, stricken with a mysterious malady, John Stanley, an iron molder, died this morning without medical attention. Neighbors aided Stanley as best they could, but no physician was called. Morgue officials believe the man suffered from pneumonia, but further examination will be made in an effort to ascertain the exact cause of death. Stanley had lived in Oakland for a number of years. Papers found in his room indicate that he served in the navy during the Spanish-American war.

Gerwin's Millinery—14th Street, Oakland

Where Smart Styles and Moderate Prices Meet. A Store of Courteous and Efficient Service.

Springtime Is Millinerytime

An Invitation

Gerwin's is one of the largest and most complete establishments in the entire west, devoted exclusively to Millinery. Each of our three floors is brimful of new Millinery.

The extent, the variety, the completeness of the display is a revelation to the many visitors from other cities.

In making the selection of your new Hats we urge that you come and enjoy to the fullest extent the facilities which this store offers you, without the slightest obligation on your part.

Variety seems to be the keynote of Millinery. This season Gerwin Hats have the simplicity and distinction that women of taste delight in.

May we have the opportunity of serving you—and demonstrating how well we can do so?

RE-ELECT OFFICERS

Emerson School Mother's Club, at its annual meeting this week, re-elected the several officers who have served during the past twelve months. They are: President, Mrs. J. W. Spaulding; vice-president, Mrs. A. Wharton; secretary, Mrs. J. Squires; treasurer, Mrs. H. Hunt; auditor, Mrs. F. Rugg; historian, Mrs. E. Hunter; delegate to the Oakland federation, Mrs. H. Black; federation secretary, Mrs. E. T. Downing.

Those who have been chosen to represent the organization at the annual convention of the Second district, California Congress of Mothers, at Hotel Oakland next month, are: Delegates, Mrs. Sturgis, Mrs. J. Squires, Mrs. O. M. Brown, Mrs. W. E. Leher; alternates, Mrs. Downing, Mrs. J. P. King, Mrs. E. Hunter, Mrs. H. Black.

Following the business meeting Miss Bessie Wood outlined the campaign for the planting of vacant lots with produce, and Mrs. A. L. Whitman, district president, reviewed federation work. Tea was served to fifty guests, with Mrs. W. E. Leher serving as hostess.

PRAYED FOR SON

GRAND RAPIDS, Mich., March 23.—Warren Walte, 60, father of Dr. Arthur Warren Walte, sentenced to die in the chair in New York for the murder of Mr. and Mrs. John Peck died here today. He was conscious until the last and breathed continuous prayers for his son, whom he believed innocent. Walte was taken ill a week ago with bronchial trouble, which developed into pneumonia.

ELITE SPORTS
MODELS CHARM
VISITORS AT
CHERRY'S
CREDIT SHOP

Practical Fashions—On Practical Terms!

These smart houses of Wearing Apparel are featuring Sports Attire strongly this spring. As they do, to women who are insistent upon correct style, but whose resources are not colossal, Cherry's Shops always have complete assortments of up-to-date garments designed for all-round appropriateness.

And this spring's showings are no exception. A costume such as those on display now at CHERRY'S will serve you admirably for wear throughout the summer. The shades are varied, of course. Gay tones are ranged side by side with more subdued colorings; both effects, as you know, are popular this season.

Remember, a fraction of the price is all you'll be asked to pay today, tomorrow or whenever you select your new outfit. The convenience and economy of CHERRY'S WEEKLY OR MONTHLY INSTALLMENTS are familiar to thousands of well-dressed women on the Pacific Coast. CHERRY'S have two stores in Oakland—an exclusive women's shop at 616 13th street, and a men's store at 628 13th street, just across the street.

San Francisco stores are at 48 and 52 Geary street and 2400 Mission street, at 20th—Advertisement.

WASHINGTON ST., AT ELEVENTH

BEAUTIFUL HAIR, THICK, WAVY, FREE FROM DANDRUFF

Draw a Moist Cloth Through
Hair and Double Its Beauty
at Once.

Save Your Hair! Dandruff Dis-
appears and Hair Stops
Coming Out.

Immediate?—Yes! Certain?—that's
the joy of it. Your hair becomes light,
wavy, fluffy, abundant and appears as
soft, lustrous and beautiful as a young
girl's after an application of Danderine.
Also try this moisture cloth with a
little Danderine and carefully
draw it through your hair, taking one
small strand at a time. This will
cleanse the hair of dust, dirt or ex-
cessive oil and in just a few mo-
ments you have doubled the beauty
of your hair. A delightful surprise
awaits those whose hair has been
neglected or is scraggly, faded, dry,
brittle or thin. Besides beautifying the
hair, Danderine dissolves every par-
ticle of dandruff; cleanses, purifies
and invigorates the scalp, forever
stopping itching and falling hair, but
what will please you most is that
after a few weeks' use, when you see
new hair—fine and downy at first—
yes—but really new hair growing all
over the scalp.

Danderine is to the hair what fresh
showers of rain and sunshine are to
vegetation. It goes right to the roots,
invigorates and strengthens them. Its
exhilarating, stimulating and life-pro-
ducing properties cause the hair to
grow long, strong and beautiful.

You can surely have pretty, charm-
ing, lustrous hair, and lots of it, if
you will just get a 25-cent bottle of
Knowlton's Danderine from any drug
store or toilet counter and try it as
directed.—Advertisement.

TO HOLD SESSION

BALTIMORE, March 23.—Child
labor opponents from all over the
United States met here today for the
thirteenth annual conference on child
labor.

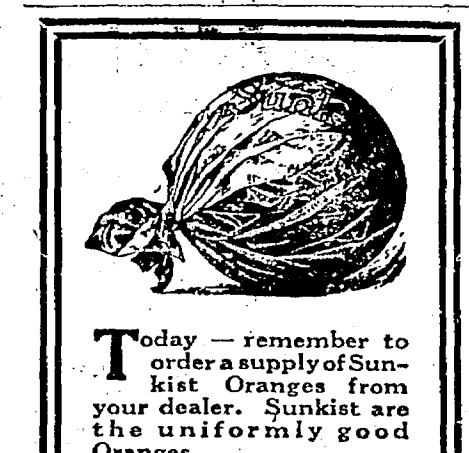

One of the important features of
the conference will be a discussion of
how much of an obstacle child labor
is to social reform. This question will
be discussed by B. Howell Griswold
of Baltimore, Miss Julia C. Lathrop of
the federal children's bureau at Wash-
ington, Dr. D. Carlos de Pena, min-
ister from Uruguay, and Miss Anna
Davis.

PAYNE'S BIG DEAL

NEW YORK, March 23.—Clarence
Payne, a wealthy young Californian, who
persists in starting the New York real
estate market, gave dealers another thrill
today when he purchased the Sonoma,
an eleven-story apartment house at the
corner of Fifty-fifth street and Broad-
way. The property covers 9000 square
feet and the deal involves \$1,100,000.

Be sure to state GOLDEN STATE BUTTER

If you merely say:
"I want the best
butter," you are not
always sure of what
you'll get. Ask your
dealer for Golden
State.

Today—remember to
order a supply of Sun-
kist Oranges from
your dealer. Sunkist are
the uniformly good
Oranges.

KAISER ILL IN BERLIN; WORRY DECLARED CAUSE

BY INTERNATIONAL NEWS SERVICE
LEADS WIRE TO TRIBUNE.
THE HAGUE, March 23.—Emperor
William is on the verge of a nervous
collapse, it was stated in private dis-
patches from Berlin today. Accord-
ing to this information the Kaiser
has been ill in health for sometime,
his condition being aggravated by the
worry brought on by new develop-
ments in the war.

It is said that the Kaiser has gone
to Homburg to take the cure and
that he might receive the chancellor
there for a conference instead of at
headquarters.

S. F. SYMPHONY'S CLOSE BRILLIANT

By Ray C. B. Brown.

With an admirably balanced Wagner
program magnificently played the San
Francisco Symphony orchestra closed its
first series of Oakland concerts last even-
ing and placed a definite milestone upon
the way of musical progress in the city.
For the occasion marked more than the
successful accomplishment of an experi-
ment; it was the promise of the greater
things to come. A tentative test
of the appreciation of musical values in
the community has brought forth so vig-
orous a response that we are already as-
sured of a second season of symphony
and one that will probably extend the
three concerts into six.

There was enthusiasm in a superlative
degree among both players and audience.
To use an exaggeration for which Colley
Clubb once apologized, the musicians
outdid their usual outdoing. The audi-
tors responded with an enthusiasm
that developed into a veritable ovation at
the conclusion of the final number.

The program was one which alternated
between moments of "Sturm und Drang"
and periods of ineffable exaltation and
peace. The tumult of revolution sur-
rounding the figure of Rienzi, the last
of the tribunes, was followed by the cele-
stial sweetness of the Lohengrin prelude.
The storm-tossed wanderings of the Fly-
ing Dutchman were succeeded by the
quiet musings of Hans Sachs on the but-
terflies of Fate. The thronging pageantry
and rollicking humor of the prelude to
Die Meistersinger led to the unparel-
leled ecstasy of the Tristan and Isolde
prelude and Liebestod. And the final
selection fought the battle
between good and evil in the Tann-
hauser overture.

TROOP TRANSFERS

EL PASO, Texas, March 23.—Four
regiments of United States regulars
were today ordered transferred from
El Paso to other posts. It was said
that the troops will be used "for ser-
vice at civilian military training
camps."

The Thirteenth cavalry and Seventh
infantry were ordered to the Depart-
ment camps; the Fourth field
artillery to the western department
camps and the Seventh cavalry was
directed to proceed at once to Doug-
las, Ariz., to relieve the First cavalry,
which is ordered to proceed to west-
ern department training camps.

BREAD IS SCARCE

AMSTERDAM, via London, March
23.—The bread ration in Germany
will be diminished one-fourth begin-
ning April 15, owing to the scarcity
of wheat, according to a despatch
from Berlin in the Weser Zeitung of
Bremen. The portio ration will be
one-half pound weekly, and the
meat ration will be increased to
250 grams weekly. It is announced in
the despatch that the curtailment in
the use of wheat is necessary to in-
sure the present stock lasting until
next harvest.

TO CALL MITCHEL

ALBANY, March 23.—A resolution
summoning Mayor John Purroy
Mitchel of New York to the bar of
the Senate to explain grounds for his
allegation that Democratic Leader
Robert F. Wagner was aiding Ger-
many by delaying the Rockaway for-
tifications site bill, was introduced in
the Senate by Senator Wagner today.

GUATEMALANS PROTEST

GUATEMALA CITY, March 23.—
The Guatemala foreign minister has
handed to the German minister a
protest against the recent German
note on submarine warfare.

Something here makes its appearance
almost every hour of the day

It's Springtime in the Kahn Millinery Salon—and Springtime is the
time for sports hats. They're here—charming, daring, bewitching
styles, quite new and quite different.
For colors—the brightest, sometimes combined with the most ex-
quisite pastels—are dominant. One must wear a colorful Sport Hat!
Diversity seems to have been the law laid down to designers—and
originality the motif they were commanded to carry out.

FACE AS FAIR AS A SUMMER'S DAY

Are Possible If Stuart's Calcium
Wafers Are Used for a Short
Time After Each Meal.

Many people have been heard to say that they used creams and lotions for years without effect, yet after five or six days of Stuart's Calcium Wafers their complexions were perfectly clear.

"I Got Rid of Blackheads in a Jiffy by Using Stuart's Calcium Wafers." They contain no poisons and can be taken with absolute freedom, and they work almost like magic. Calcium Sulphide, their principal ingredient, is the greatest blood-cleanser known to science. No matter how bad your skin may be, Stuart's Calcium Wafers will quickly work wonders with it. It's goodly to blackheads, pimples, acne, boils, rash, eczema and a dirty "filthy" complexion. You can get a box of Stuart's Calcium Wafers at any drug store at 50 cents a box and you will be positively delighted with their wonderful effect.

Free Trial Coupon
F. A. Stuart Co., 352 Stuart Building, Marshall, Mich. Send me at once, by return mail, a free trial package of Stuart's Calcium Wafers.

POSLAM EXCELS IN INTENSITY OF HEALING POWER

Poslam possesses healing energy so highly concentrated that one ounce of Poslam is worth a pound of ordinary ointments less efficient. Poslam is used for Eczema or any eruptions condition of the skin. Talk with those who have been healed of aggravated skin troubles who have used all kinds of remedies AND THEN USED POSLAM, and they will say this even more emphatically. Results come quickly. Itching stops; angry skin is soothed; uncertainty is dispelled; little Poslam, and so much relief. Sold everywhere. For free sample write to Emergency Laboratories, 243-5 West 47th St., New York City.—Advertisement.

Sure Way to Get Rid of Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

Blue Bird Bureau

"The county poor farm is the end of many a weary quest. It is the home of the derelict, the last chapter of stories which are sometimes droll, sometimes comic, but most often infused with the tragedy of lost hopes and of decay."

A thousand-mile quest of a father, seeking his son across many weary roads on foot, is ending in the Los Angeles county farm. The story is told in a letter written by the old man to an Oakland friend who sent him some time ago. The Blue Bird Bureau has been asked to publish the letter in the hope that the son may see it, or that someone who knows his whereabouts may communicate with him or with his father.

For three months Joseph Roberts, 75 years old, was on the road on foot, tramping from Eugene, Ore., to Bakersfield, as he had been told that his son, Robert Roberts, aged 46, had been last heard from in the oil fields some six months ago. The search was vain and published in another newspaper, was finally landing, ill and feeble, in Los Angeles.

While Roberts was in Chico his story was told in a newspaper dispatch, and an Oaklander sent a check to him to aid him on his journey. When the money arrived he had gone onward. But the story of the arrival of the money too late, published in another newspaper, was found by him while in the bay region. It was this kindness which led him to write the following letter:

"I pray you pardon me, a perfect stranger in person, writing you, although you may have heard my name before. I am the person referred to in the enclosed clipping from a Bakersfield paper. The other clipping I am not sure about, as I picked it up near San Francisco, while resting by the wayside. And surprised I was to see it. It was the first I heard of your well-meant kindness."

"So I am writing this, trusting your humane heart to help me, if possible. You can see by the heading of this letter where I am. (Oh, how I hate this place!) But before I go on I had better tell you how I came here."

WILL AID WOMEN MAY RAISE FUND

SAN DIEGO, Cal., March 23.—Resolutions unanimously adopted at a mass meeting of nearly 1000 persons at the White Temple here, following an address by Rev. Paul Smith of San Francisco, noted vice crusader, were telegraphed to Governor William D. Stephens. The resolutions read:

"Resolved, By a mass meeting of San Diego citizens, that we believe the project for the establishment of a reformatory for fallen women is one of the great humanitarian opportunities before this legislature, and we respectfully request our representatives to add in passing assembly bill No. 569 and petition the governor to use his influence to obtain the necessary appropriation."

CORNMEAL BREAD

WASHINGTON, March 23.—One solution for the high cost of food problem may be found in the department of agriculture's announcement that after many experiments it has found excellent bread can be made of a mixture of one part of cornmeal, which is comparatively cheap, with three parts of wheat flour. Raw meal may be mixed with the flour, but a better method recommended is to cook the meal into a mush and use this as a yeast medium of "sponge," to which the flour is added last.

CHILDREN SAVED

FETTERBURGH, March 23.—The two-story home of Mr. and Mrs. C. K. Maack, at the foot of Red Hill in Marl county, was destroyed by fire yesterday. The loss will be more than \$3000. There is no insurance, it is said. Two children of the couple and Mrs. Cronin, the aged mother of Mrs. Maack, narrowly escaped being trapped in the house by the flames.

I WILL BUY

Shotguns, Rifles, Pistols, Drawing Sets, Musical Instruments, Field Glasses, etc. Get Price, P. H. Lake, 2184.—Advertisement.

"I searched for sixty miles all around Bakersfield, but I could hear nothing of my son. I was told of the Ventura, Summerland and Los Angeles oil fields. I crossed the Mojave desert and two long ranges of mountains, 128 miles, on foot, and searched as far south as San Diego."

"I had no success. The only news I had was that the Standard Oil had sent 200 men to India, and another bunch to South America."

"I was discouraged, friendless, penniless and sick. I was put in the county hospital, was there three weeks, and then sent here."

"I am going to ask you, can you give or find any light work for a man of my age. With the exception of being a little hard of hearing I am far from being a feeble old man. My travels will show that. Excepting for a lift from Chico to Marysville, I have done the rest on foot."

"Now, I am willing to do anything, and ask for the opportunity to earn my keep. I am not asking for anything I am not worth, just my board. I seem to think that if I were out in the world I might be able to hear something about my son. It will not cost you anything whatever. If I was told right, if an inmate could furnish proof of employment the county will furnish transportation. The trip to Oakland should not take more than three days, and I have been that long without eating on my travels, so that don't frighten me. I only hope you can think of something."

"I am enclosing a stamp and would ask you to return the clippings, as I wish to keep them as a souvenir, so if I ever meet my son I can show him the record of my long tramp searching for him. Yours very respectfully, JOSEPH ROBERTS."

The Blue Bird Bureau wishes to acknowledge the gift of \$5 from "Bill C. H." to be used for two families in need and for the little old woman who lives in the tent in Euclid Park, \$4 from another Good Fellow and \$1 from a third. Also the gift of baby clothes, which have been given to the mother who is expecting a visit soon from the store.

WILL STAY HERE

NEW YORK, March 23.—Karl Edward Heinrich Jörn, German tenor of the Metropolitan opera here, will not respond to Kaiser Wilhelm's personal request that he return to Berlin and join the royal opera there. Instead he will go before the United States court here next week and ask his final American citizenship papers, he said today.

"It is true," said Jörn, "that I have received a call from the royal opera, sent at the Kaiser's personal request, but I shall not return to it. I am an American at heart and I want to become one in fact. I have my first and second papers and hope to get my final ones next week." Jörn's wife and five children are still in Berlin.

GUARD BRIDGES

BALTIMORE, March 23.—With strict orders to "shoot to kill" any suspicious characters who venture too close to the three long railroad bridges spanning the Susquehanna river at Havre de Grace, either by the land or water approaches, and disregard the warning to "halt," fifty-six men of Companies D and E of the First Regiment, Maryland National Guard, are guarding the three structures. In addition several boats with soldiers patrol the river under the bridges day and night. The bridges are also being wired for powerful searchlights so that the lengthy approaches as well as every span will be brilliantly illuminated.

OFFERS STATUE

NEW YORK, March 23.—George Gray Barnard, the sculptor, has announced that in token of his sympathy for Russian freedom, he will present his statue of Abraham Lincoln to the Russian people through the Friends of Russian Freedom at a banquet here tonight. The statue is in celebration of the birth of the new Russian republic.

IS FOUND DEAD

PORTLAND, Ore., March 23.—Perley R. Lent, a real estate dealer, aged 32, was found dead on a bed in his apartments early last night with a bullet wound in his head. A pistol lay on the floor in the middle of the room. His bride of four months was the first to discover the tragedy when she returned home after a short absence. Mrs. Lent said she met a man in the hallway who she went in and that the stranger appeared to have come from her husband's apartments.

AID RED CROSS

LARAMIE, Wyo., March 23.—Red Cross work has been taken up by women students of the University of Wyoming, with a view to serving the country as nurses in the event of war. Young women members of the faculty of the institution also are taking a keen interest in the training. The classes are under the instruction of physical training for women, who says several of the members are ardent in their desire to evidence their patriotism by actual work.

The Pneumonia Season.

The cold, damp weather of March seems to be the most favorable for the pneumonia germ. Now is the time to be careful. Pneumonia often results from a cold. The quicker a cold is gotten rid of the less the danger. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. As to the value of this preparation, ask any one who has used it. For sale by Good Bros. Drug Stores.—Advertisement.

DON'T USE DYES FOR GRAY HAIR

Apply Q-Ban—Simple, Safe,
Healthful and Guaranteed
to Restore Natural Color.

Don't use dyes. They are not only sticky, disagreeable, and in bad taste, but actually dangerous. A good many reputable drug stores won't sell them. Use Q-Ban Hair Color Restorer. This will accomplish wonderful results. Simply wet your hair with Q-Ban Hair Color Restorer. Back will come the natural dark shade, evenly, gradually and permanently. This is the right way, the healthful one. Q-Ban claims no instant miracles—it leaves the hair in its natural color. It does restore the original color correctly and helps your hair in growth, helps it to be glossy, lustrous, soft, beautiful, charming. Q-Ban is all ready to use. It is guaranteed to be harmless and sold under the maker's warranty of satisfaction or your money back. At Normal Pharmacy, 8th and Washington sts., Oakland, Cal., and all good drug stores. A large bottle for 50c, or send direct to Hessig-Bills Drug Co., Memphis, Tenn. Illustrated, interesting booklet, sent free. Write for it today. Try Q-Ban Hair Tonic, Q-Ban Toilet Soap, Q-Ban Liquid Shampoo, and Q-Ban Depilatory for removing superfluous hair. —Advertisement.

"LAST NIGHT I had to stay in town because I missed the last car. I am going down to the mail office of THE TRIBUNE and procure one of the first and last car time schedule that they are giving away to their subscribers."

The World Over

INTERNATIONAL NEWS SERVICE
PACIFIC NEWS SERVICE

GALESVILLE, Wis.—Two more deaths were recorded as the result of an infection which has attacked more than 200 persons here. No new cases were reported yesterday and physicians feel that the epidemic which was caused by impure milk has been checked.

PITTSBURGH, Pa.—All available resources of the University of Pittsburgh in the way of research equipment and any materials or assistance that may be needed have been placed at the disposal of the United States government, according to an announcement by the university board of trustees.

CAMBRIDGE, Mass.—The Harvard Corporation announced last night the acceptance of a gift of \$24,732 to establish a fellowship as a memorial to Victor Chapman, the aviator killed in action over Verdun, while a member of the flying corps of the French army.

OGDEN, Utah.—Dead cattle are lying everywhere and hundreds are in danger of starving in the territory north of the Great Salt Lake. Many of the ranches in that district are without a pound of hay and have very little of any other kind of feed.

LOS ANGELES, Cal.—J. E. Calkins, Cleveland, O., general baggage agent of the Big Four route, was elected president of the American Association of General Baggage Agents at the closing session here of the association's thirty-sixth annual convention.

NEW YORK.—Japan is placing no obstacles in the way of improvements to the Great Wall of China that have been undertaken by American capital, according to W. F. Carey, president of the Great Wall Company, which has the contract for the construction work. Mr. Carey has just returned from Peking.

PIERRE, S. D.—C. V. Egan, formerly prominent attorney of Sioux Falls, was denied by the South Dakota Supreme

Court reinstatement as a practicing attorney in the state courts. Egan was disbarred last April on charges of professional and fraudulent conduct with clients.

JACKSONVILLE, Fla.—About 100 Greeks gathered here and enthusiastically volunteered their services to the United States in the event of war.

EUGENE, Ore.—A call was issued for a meeting to be held at the University of Oregon next Saturday at which first steps will be taken looking to formation of a student volunteer military drill corps.

SHANGHAI, China.—A wireless despatch timed 6:30 o'clock Wednesday morning from the steamer Poltava reported that the steamer had gone aground in a big in South Bay, Saddle Island, 21 miles from here.

SAN DIEGO.—A movement was begun today by businessmen to secure a military training camp in view of the large number of young men who are desirous of obtaining military instructions.

LONDON.—Another of Germany's best aviators, Fritz Mann Schott, has been killed in an air fight off the western coast, according to a Berlin despatch transmitted by the Exchange Telegraph correspondent at The Hague.

Clipped Wings

BY RUPERT HUGHES

(Continued from yesterday.)

He almost broke the backs of two unprepared viola-players, but they eased his fall. He caromed off their shoulders, blades into the multifarious instruments of the "man in the tin shop." One foot thumped bass drum with a mighty flop, the other sent a cymbal clanging. His clucking hands set up a riot of "effects," and he lay on the floor in a ruin of orchestral noises, and a bedlam of din from the audience.

By the time he had gathered himself together the curtain had been lowered and the whole house was in a typhoon.

A dozen policemen who had been hastily summoned and impatiently awaited by the manager charged down the aisles and seized each a double arm-load of the nearest rioters. The foremost policeman received Winfield as he clambered, shamefaced over the orchestra rail.

Winfield started to explain: "I went up there to ask the fellows to be quiet."

The officer, indignant as he was, let out a guffaw of contemptuous laughter: "Lord, love you, kid, if that's the best lie you can tell, what's the use of education?"

Winfield realized the hopelessness of such self-defense. It was less shameful to confess the misdeed than to be ridiculed for so impotent a pretext. He suffered himself to be jostled up the aisle and tossed into the patrol-wagon with the first vanload of prisoners. He composed on a brief stay there, for it was a custom of the college to tip over the patrol-wagon and rescue the victims of the police.

This year's Freshmen, however, lacked the necessary initiative and leadership, and before the lost opportunity could be regained the wagon had rolled away, leaving the class to eternal ignominy.

CHAPTER VI

Deprived of its ringleaders, the mob fell into such disarray that it was ready to be cowed by the manager of the theater. He had waited for the police to remove the chief rioters and now he addressed the audience with the one speech that could have had success:

(Continued tomorrow.)

Captivating Mary Carstairs

By HENRY SWANSON HARRISON

(Continued from yesterday.)

The quick bitterness in his voice, which there was no missing, was the last straw, breaking through her reserve, demolishing her dainty aloofness. She shook the swinging gray veil back out of her eyes and looked up at him, openly and frankly bewildered, looking very young and immeasurably alluring.

"Will you tell me why you speak in that way? Will you tell me why it is the worst thing that has happened to you in Houston to have been helped a little by me?"

They faced each other at the open door, not an arm's length between them; and the moment of his reckoning for the quarter of an hour he had spent with her that night was suddenly upon him. He met her eyes, which were darkly blue, stared down into them; and as he did so, the spell of her beauty treacherously closed round him, piping away his self-control, deadening him to the iron fact of who she was and who he was, shutting out all knowledge except that of her fragrant nearness.

"It is absurd!" he answered her suddenly, "but to save my life I can't do, I don't know whether you are tall or short."

The front door came open with a bang; the noise brought him sharply to himself; and the next moment a pleasant masculine voice called out: "I say, Miss Carstairs! Er—everything all right?"

"Oh!—yes, Mr. Richards!" she called penitently. "I'm coming this minute. No, please don't go out with me, Mr. Varney. Don't let anybody see that you are here."

"Certainly not," said he, struggling for a pause which he could not quite recapture. "Then will you be good enough to convey my gratitude to Mr. Higginson and say that I hope to have the opportunity of thanking him personally tomorrow?"

"Yes, of course. Good night once more—and good luck!"

But he detained her long enough to put the plain business question which had been torturing his soul for the last twenty-four hours.

"We shall see you at luncheon tomorrow?"

(To Be Continued Sunday)

CHANGE PLANNED IN IMMIGRATION

A cut of \$200,000 in the fiscal appropriation for the coming year will cause a general readjustment of the United States Immigration Service and the probable dismissal of some employees, according to Acting Secretary of Labor John B. Donamore, who is here from Washington on a two weeks' visit of inspection. Congress has allowed only \$2,400,000 for the coming year as compared with \$2,600,000 for the year before, and strict economy must be practiced in all departments of the service.

"Last year a deficit was avoided only through the most vigilant care," said Donamore today, and this year there will be more rigid economy than ever. I am making a survey throughout the country for the purpose of effecting a reduction of expenses both in methods and personnel.

Immigration from European countries since the war began has decreased from 1,250,000 a year to 400,000, but it has increased 100 per cent at the Canadian and Mexican borders. European immigrants are now largely women, old men and defectives, and the percentage of exclusion has risen to 20 per cent as compared with 2 per cent before the war.

SEEKING THIEF

NEW YORK, March 23.—Mrs. Mary Strangmann, widow of Carl A. Strangmann, millionaire brewer of Bremen, came here with private detectives to inspect pictures in the "rogues' gallery" in an effort to identify a man who on March 10 robbed her of a handbag which she says contained \$30,000 worth of jewelry and \$400 in cash while she was trying on gowns in a Fifth avenue department store.

SHIP IS LAUNCHED

SEATTLE, March 23.—The 3500-ton steel tank steamer S. V. Parkness, the largest merchant vessel built in the Pacific northwest was launched today from the Standard Oil Company of New Jersey.

TEACHERS WILL DISCUSS WORK

President C. J. Du Four of the California Teachers' Association received today the printed and official schedule of meetings for the association's 1917 convention to be held in Oakland April 2, 3, 4, 5. The complete program has not yet come from the printer. The schedule of meetings will interest every teacher in this section of the state as it is the first announcement or outline of the arrangement of the convention's activities.

The general sessions will be held at the Oakland auditorium on April 3 at 9:30 and 1:30 o'clock; April 4, 1:30 o'clock; April 5, 1:30 o'clock.

The high school department meetings will be held at the Technical High School with a general session at 1:30 on April 2. The different section meetings and the place of meeting are as follows:

SUSPECT IS FOUND

MERCED, March 23.—James McAvay, whom Sheriff Mack has been seeking on charges of forgery and defalcations, is in Folsom prison, serving a sentence of a year and a half for forgery committed in Stockton, according to word received from the penitentiary. McAvay was sent up from Stockton in February. Upon his release from that sentence, he will be subject to prosecution on the charges filed here.

A Laxative for Babies Good for Everybody

Dr. Caldwell's Syrup Pepsin
a Safe and Efficient Family Remedy.

Every member of the family is more or less subject to constipation and every home should always be supplied with a dependable remedy to promptly relieve this condition. Whenever the bowels become clogged and the natural process of elimination thereby disturbed, the entire system is affected, and readily subject to attack by disease. Constipation is a condition that should never be neglected.

Mrs. E. R. Gilbert of Milbro, Va., says that Dr. Caldwell's Syrup Pepsin is a splendid laxative for children because they like its pleasant taste, and it acts so easily and naturally, without griping or strain, and she finds it equally effective for the rest of the family.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin that contains no opiate or narcotic drug. It is mild and gentle in its action and does not cause pain or discomfort. Druggists everywhere sell this excellent remedy for fifty cents a bottle.

To avoid imitations and ineffective substitutes be sure you get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. D. Caldwell, 455 Washington St., Monticello, Illinois.

Mrs. E. R. Gilbert

Misses' Serge Suits
\$12.75

Of U. S. navy serge, Paisley lined, belted and finished with gold twist stitching. Sizes 14, 16, 18.

FINANCIERS FAVOR LOAN TO ALLIES

WASHINGTON, March 23.—The Federal Reserve Board is friendly to the new \$100,000,000 French war loan announced by syndicates of New York bankers, it was learned here. While the board does not now desire to make any formal announcement to the effect that there is a change in the policy which last November prompted it to warn American investors not to buy foreign securities, it is admitted that altered circumstances now prevail. No obstacles will be placed in the way of the loan subscription.

Furthermore, it was learned definitely that members of the Reserve Board believe the best manner in which the United States can "do her bit" in the world war should she enter it would be to open her coffers liberally to the entente allies. While members of the reserve board do not intend to embarrass the administration by making any public announcements at this time, the majority of them feel that the United States should depart from the time-honored American policy against entangling alliances to the extent of concluding an arrangement for a concerted peace. The possibility has been considered that the entente allies concluding a peace with the central powers, leaving the United States still at war without allies.

Informal consideration is being given to methods of financing the allies. The most probable course will be for the government to borrow money extensively from the American people and then lend it to the European nations—principally France, whose needs are pressing.

HONOR SYSTEM IN STANFORD FAVORED

(Special to THE TRIBUNE.)
STANFORD UNIVERSITY, March 23.—President Ray Lyman Wilbur yesterday officially approved the honor system which has been working for some time in the university. It was installed by the fifty-three upper class students and the faculty, who have been working for the system for some time. It is practically the same system that has been in use in the University of California for years. It aims at the prevention of cheating in examinations through co-operation between students and faculty instead of through any system of policing or regulating students taking the examination.

Since the honor system cannot be established by law or rule, but must grow out of the student body's own principles, the present action of the university is taken generally as a commendation of the system. The system of all-night examinations, and the policing of examination rooms will be done away with and the honor system will be extended throughout all the departments of Stanford.

DEVOTION BEGUN

BERKELEY, March 23.—The Lenten devotion of forty hours' adoration was begun today at 8 o'clock, Sunday, at the home of Miss M. J. Gillis, C. S. P., of New York. The devotion will be continued until the afternoon of the 24th. Special services will be given today and tomorrow. On the 24th, a service will be given at Newman Hall on "Conflicting Mysteries of Christianity." The sermon tonight will be "Sanctity and Sin," tomorrow, "Joy and Sorrow."

Committees have made arrangements for the annual gathering of the faculty and members of the club, which will take the form of special services in the chapel at 8 o'clock Sunday, at which organizations will receive holy communion in a body. Rev. John J. Cantwell, vicar general of the diocese of San Francisco, will officiate at this service. The reunion breakfast will be served following the service.

WIDOW IS VICTOR

WILLOW, March 23.—Judgment upholding the will of James W. Snowden has been ordered by Superior Judge W. C. Fitch. Snowden was a resident of Glenn county for forty years and died leaving an estate valued at \$70,000. He was an invalid for many months before his death and made his will while in a San Francisco hospital, leaving almost his entire estate to his widow, Adeline Snowden. Small bequests were made to nieces and nephews. The minor legatees last December filed a contest, alleging undue influence on the part of the widow.

CITY WILL BUILD SAFETY STATION

No bids have been received by the city council for the construction of safety stations in front of the home for adult blind in Telegraph avenue at Thirty-sixth street. The city engineer, Mr. Anderson, asked today that the matter be turned over to Commissioner Baucus of the public works department, who stated that he will be able to install the stations for approximately \$1100, or \$300 less than the estimated cost.

Whether or not the council shall approve Assembly Bill No. 69, providing for the extension of seniority preference in the police department, was a matter referred to City Attorney Mott for an opinion. Commissioner W. H. Edwards moved that the council endorse the measure, which would practically install the "bumping" system as now practiced in the police department. The measure was referred to the city attorney upon suggestion from Mayor Davis.

WILL FORM CADETS

PALO ALTO, March 23.—The Palo Alto High school board has referred a petition that a military corps be organized in the local school. Sixty-five students have already signed up to become members of the new organization. Major Burke, who has charge of the Stanford ROTC, has granted the petition of the students with the further statement that he will accept the corps as a compulsory military training in schools. Superintendent Nichols called a special session of the school this morning and explained the entire situation.

SURGEON HEARD

VALLEJO, March 23.—Surgeon W. W. Cross delivered a lecture last night at the home of Commandant F. M. Bennett at Mare Island Thursday afternoon for the benefit of the station Red Cross Society.

WORK TO PRESERVE ALAMEDA BEACHES

TRIBUNE BUREAU
1434 PARK ST.
ALAMEDA, March 23.—There were no new developments today in the dredging beach crisis in Alameda. The dredging beach proprietors are pinning their hopes largely on the possibility of favorable recommendation by Colonel Edward Burr, government engineer. It is from experience of the past that the south side beach owners have abundant warrant for fearing that unrestrained slacks means the ruin of the beaches. Slacks in earlier years have been deposited on the beaches and have stuck and clogged the beach. The slacks are now being deposited on the beach and are being carried by the tides to the beach. The slacks are now being deposited on the beach and are being carried by the tides to the beach.

The slacks are now being deposited on the beach and are being carried by the tides to the beach. The slacks are now being deposited on the beach and are being carried by the tides to the beach. The slacks are now being deposited on the beach and are being carried by the tides to the beach.

TO RAISE TAXES

VALLEJO, March 23.—Announcing that the assessment of the city of Vallejo will show a great increase, the result of the large number of new structures erected during the last year, City Assessor George D. Hildreth and his deputy, Miss Grace Ross, have completed their tour of the community made for the purpose of looking over and making the improvements that have been made on much of the property. Hildreth stated that the city will receive the entire amount of taxable property, but he stated that the increase will prove surprising to our citizens.

FATHER LOCATED

MARTINEZ, March 23.—Probation Officer A. J. McMahon finally located the father of the children recently deserted in Richmond by their mother. The man was found in Van Buren, Arkansas, and he informed the officer that his youngest son sent McMahon the money to purchase their railroad tickets and to take them on their way to the Ozarks. The father, E. R. Miller, is said to have a good position in Arkansas.

GIRL COMMITTED

VALLEJO, March 23.—Sitting as judge of the superior court at Fairfield Thursday, Superior Judge William T. O'Donnell adjudged Mrs. Isabelle Pacheco committed to a lunatic asylum. She was committed to the custody of the decides on the grounds of insanity. She was committed to the custody of the decides on the grounds of insanity.

BURBANK SENDS TREE FOR SCHOOL

BERKELEY, March 23.—Luther Burbank recognized the courtesy of Burbank in naming a school for him when he sent for planting at the Arbor Day exercises at the school yesterday afternoon a walnut sapling he had personally grown and tended. The planting of the tree took place under the auspices of the Native Daughters of Bear Flag and Berkeley parlors at the home of the school, following Arbor Day exercises in the auditorium.

Two other trees, the gifts of the Mothers' Club of the school, were afterwards planted, as well as a cluster of nine redwood trees donated by Mayor Samuel C. Irving was the honored guest of the day. James T. Presley, principal of the school, presided over the exercises and a song of his composition, "Hall California," sung by the school opened the program. The exercises in which the upper classes of the school and the Girls Glee Club participated, made up the program. The school principal, Mrs. Dina Haden, and a boy and girl pupil, each of the ninth and eighth grades.

The Burbank tree was presented in behalf of its grower to the school by Mrs. Anna Berkeley Parlor. Two "Semper Vitens" trees were presented by Principal Presley and Mrs. Dina Haden. The trees were formally tendered by Mrs. Dina Haden in behalf of Bear Flag.

The school yard followed. Among those who delivered addresses of earth to the school were Mrs. Dina Haden, Mrs. G. J. Lorchester, Mrs. Senna, Mrs. Dina Haden and a boy and girl pupil, each of the ninth and eighth grades.

FARM BUREAU WILL HOLD CELEBRATION

HAYWARD, March 23.—The Alameda County Farm Bureau is arranging for its annual picnic and meeting at Sunol May 5, the starting of a membership campaign, the institution of a farm bureau magazine and the formation of dairy and fruit growers' departments.

Preliminary plans for the annual meeting and picnic were made at a recent meeting of the directors of the bureau at Pleasanton. It was decided that three weeks before this meeting a membership campaign will be started. The matter of a farm bureau monthly was also discussed by the directors and the first edition will probably be issued before the annual meeting.

It was agreed that steps should be taken toward the formation of a dairy department and a fruit growers' department and that the formation of other departments will follow soon.

In future the directors decided to print and distribute notice of the farm bureau meetings.

The following committees were appointed to take charge of the bureau's activities: On annual meeting and picnic, E. H. Pleasanton, R. E. Lister, L. L. Moore; J. Overacker, Mission San Jose; W. C. Graham, Newark; Henry May, Decoto. On rural schools, E. G. Young, Livermore; J. Overacker and W. J. Dakin, Pleasanton.

The Hayward Health center of the farm bureau has decided to hold a literary, musical and social program after the business meeting. Dr. R. B. Davy, Mrs. Hartley and G. F. McGarron were appointed a committee to arrange the social programs.

RELLY SUIT IS QUOTED BY COURT

Suit filed recently by Philip Relly against Lawrence Warehouse Company and Commissioner Harry S. Anderson for an accounting in connection with the firm's operations, was quoted by the municipal government was terminated today by Superior Judge William H. Waste when he sustained a demurrer to the complaint.

Declaring that he was an interested taxpayer of this city, Relly instituted suit last week, demanding an accounting of all the profits of the warehouse company. He virtually charged that the city commissioners had allowed the warehouse firm a lease of a portion of the municipal dock property on terms which were unjustified. He alleged that the lease placed the city in the role of philanthropist in that the municipality was paying all of the expenses while the leasing company was keeping all the profits.

Commissioner of Public Works Harry S. Anderson maintained that the suit was a malicious one. He stated that the suit was filed in which it was set forth that Relly is not a resident citizen of Oakland and therefore is without standing to sue the city.

MILK SELLER FLEES, BUT IS FINALLY TAKEN

TRIBUNE BUREAU
1434 PARK ST.
ALAMEDA, March 23.—P. Ramponi, 4708 Shattuck avenue, Berkeley, a milkman, was arrested by Alameda Inspector Dr. Tom Carpenter last night on a charge of selling milk in Alameda without a permit. The milk inspector halted Ramponi on Webster street and told him he was under arrest. Ramponi stepped into his milk wagon and ran away. He was taken to the police station to be booked. Instead, Ramponi hurried away toward Oakland and was taken to the police station to be booked. He was taken to the police station to be booked. He was taken to the police station to be booked.

GERMAN HEALTH CONDITIONS GOOD?

AMSTERDAM, March 23.—The health of the German people is surprisingly good and infant mortality is lower than in peace time, according to Vice-Chancellor Dr. Heinrich Brüning, who is quoted by Berlin dispatches to Reuters as also saying in a speech before the Reichstag.

"We have already taken measures for the proper production and distribution of raw materials after the war and in regard to the rebuilding of our mercantile fleet negotiations are proceeding with the owners. Despite the Paris conference we shall renew economic relations with foreign countries after the war."

EFFICIENCY REQUIRED

"Uppermost in our minds is that we are facing a national emergency in which the railroad must be most efficient and place at the disposal of the country, its industries and its people."

"The most reasonable and prompt action is required in our judgment. Even apart from that, the national emergency, the facts of the situation are that we already are confronted with increased expenses on account of fuel supplies and materials, wages and tariffs, as well as the increasing difficulty of raising new capital on reasonable terms, on account of the existing conditions."

"An examination of the conditions in which the carriers are facing cost-reducing measures that there will be a serious reduction of the net operating incomes of the carriers, due to several causes. We therefore deem it very essential that the situation should be clearly disclosed to the commission."

ASK INCREASED RATES

"Under the existing international complications and exceptional industrial activity, the necessity and justice for requesting increased rates is so clear and pressing for the benefit of the country as a whole, we suggest that the commission will realize the importance of having the railroads in a position to meet the situation."

"That can be done only by prompt and liberal consideration, so that they may place themselves in a stronger physical condition to meet the demands of the country and that increased rates required will be promptly granted without any suspension of the tariffs and to avoid tedious delay and expense of compelling the railroads to pay the cost of the country until the commission has decided the question."

VETOES FIRST BILL

SACRAMENTO, March 23.—Governor Stephens exercised his right of veto today for the first time when he returned to the Senate yesterday afternoon a bill appropriating \$100,000 for the improvement of the use of nets in various fish and game districts in southern California waters. The governor said that another bill covering the same points, with additional particulars, had been prepared by the Senate and that it was desired not to have confusing statutes on the same subject.

WHAT IS AUTO-INTOXICATION?

The best and clearest definition is "Self-poisoning." It is the result of the waste products of metabolism which are not eliminated from the body. It is the result of the waste products of metabolism which are not eliminated from the body. It is the result of the waste products of metabolism which are not eliminated from the body.

Physicians agree that the vast majority of diseases are caused by auto-intoxication. It is the result of the waste products of metabolism which are not eliminated from the body. It is the result of the waste products of metabolism which are not eliminated from the body.

Lower Intestine. The waste products of metabolism are not eliminated from the body. It is the result of the waste products of metabolism which are not eliminated from the body. It is the result of the waste products of metabolism which are not eliminated from the body.

Keep the bowels clean and free from this waste by an occasional Internal Bath with simple warm water, given by the rectum.

You will be astonished at your feelings the morning after taking an Internal Bath by means of the "Laxative." You will feel bright, brisk, confident, and as though everything is "working right."

Half a million Americans are now using this method, with resulting better health and greater vigor. This method will be explained to you by the Owl Drug Company who will also give you a most interesting booklet on the subject, by an eminent specialist, "Why Man, of Today Only 50 Years Old?" while it is on your mind—Advertisement.

It is the result of the waste products of metabolism which are not eliminated from the body.

Research Talk

BERKELEY, March 23.—The fifth annual public research lecture was given at the University of California last evening by Herbert E. Bolton, professor of American history. He presented the results of his research in the field of the Spanish-American War.

Professor Bolton told the story of how Spain, while still a little nation with only about 60 per cent more inhabitants than the United States, performed the marvelous exploit of establishing her speech, her church, her language and her civilization over two-thirds of the American continents, so that today there are tenfold as many Spanish-Americans as there were Spaniards in Spain in the days of the conquest.

GERMANS ENTER

GALVESTON, Texas, March 23.—Following the New York Times' report that the German government had entered the United States, the German government had entered the United States, the German government had entered the United States, the German government had entered the United States, the German government had entered the United States.

WOMAN SICK TWO YEARS

Could Do No Work. Now Strong as a Man.

Chicago, Ill.—"For about two years I suffered from a female trouble so I was unable to walk or do any of my own work. I read about Lydia E. Pinkham's Vegetable Compound, and I decided to try it. I brought almost immediate relief. My weakness has entirely disappeared and I never had better health. I weigh 165 pounds and am as strong as a man. I think money is well spent which purchases Lydia E. Pinkham's Vegetable Compound."—Mrs. J. O'BRYAN, 1755 Newcourt Ave., Chicago, Ill.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, and nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

If one cannot do thrilling things one's self, the next best thing is to meet those who have. Mrs. Harriet Chalmers Adams, daughter of Mr. and Mrs. Alexander Chalmers and a sister of Mrs. Landers Redman, is spending a part of the spring with her family in Piedmont and can provide more thrills for those whom she meets than any other visitor at this time in the east shore cities. Mrs. Adams is a fellow of the Royal Geographical Society of England. She spent fifteen years in Latin America, climbing the Andes to a height of 19,000 feet, going down into the wilds of the Amazon, canoeing the head-streams of Paraguay; in all covering some 40,000 miles in virgin country. A horseback trip across the island of Hayti was made by Mrs. Adams and her husband and the same mode of travel took her among the head hunters of Luzon and Moro land in the Philippines. She has the distinction of being the first American woman to be named to the fellowship of the Royal Geographical Society. Besides she is one of the two honorary members of the Society of Science and Arts of Caliz. Like many another world-citizen, Mrs. Adams has a deep sympathy with the people of France in the

ence in all its branches—cooking, millinery, dress making, diets. But Miss Alberta Higgins wants to be an architect. She has set about taking her training in a most business-like and efficient way by registering in the A to Zed School in Berkeley. It is not easy this course to which a student submits—usually himself—but Miss Higgins shows unusual ability until her recent illness called a brief halt in the strenuous application to subjects not altogether of a popular nature.

For some weeks Miss Higgins has been seriously ill, but her friends are interested in learning that her rapid recovery is assured and that her role of invalid will be a limited one.

After all Miss Alice Palmer did not complete the interesting tour and visit which she had in anticipation. Instead she is being welcomed back to town by the younger set. Patricia hardly a week ago when the beautiful girl was bidden farewell, a large party seeing her off on the overland on her way to Kentucky. But she only went as far as Chicago. Rumors of the railroad strike and the possibilities of a general tie-up were the factors which entered into the change of plans. Miss Palmer hastened homeward while she deemed there was still opportunity.

Mrs. Lewis Hilborne is giving a series of charmingly appointed bridge luncheons, the invitation for which is assembling congenial groups of a dozen friends at her handsome Piedmont home. Thursday of next week the second delightful affair takes place. The first was a Patricia luncheon on Saturday last, with all the details suggestive of the holiday. Covers were laid for Mrs. William D. Reis, Mrs. T. W. Dempsey, Miss Grace Hilborne, Mrs. L. E. Leland, Mrs. T. J. Sullivan, Mrs. William Brady, Mrs. W. C. Stadfield, Mrs. I. A. Beretta, Miss Aileen McKinnon, Mrs. Louis Spain, Mrs. Hugh Laidlaw.

Early next month Mrs. Hilborne with her son is leaving for New York, planning to make her headquarters at the Biltmore. The journey which will be undertaken for pleasure will be one of those leisurely pilgrimages of the largest cities and places of interest. Mrs. Hilborne is not making any particular plans for her return to Oakland, the homecoming depending largely upon the diversion found in the tour.

A Hawaiian dance in the Twentieth Century clubhouse of Berkeley is something to which 150 of our debutante set are looking forward to with eagerness next month. It is not to be the same sort of tropical function to which society has accustomed itself but a really truly representative of the picturesque isles and the dances which make it so famous. Saturday evening, April 28, has been reserved for the elaborate function, cards for which will go out shortly. The clubhouse will be entirely transformed into a tropical garden scene and already there has been engaged an orchestra of native players to furnish music. The dance flannels for the men, dainty summer frocks for the girls will be the order of the evening, each wearing a lei in honor of Hawaii.

The patronesses for the dance are Mrs. Aaron Schloss, Mrs. E. J. McCarty, Mrs. J. M. Park, Mrs. Ralph Grover, and Mrs. George Nash. These same women who are members of the Twentieth Century Club arranged a series of dances which proved so delightful that this extra and far more brilliant occasion has been arranged.

A luncheon was the pleasure which Mrs. Willis Sharp offered a congenial coterie of friends yesterday, making the pretty board suggestive of the spring season. Covers were laid for sixteen guests. The latter half of the afternoon was devoted to a session about the card tables, with bridge lending the diversion.

Miss Genevieve Pratt is returning to town tomorrow after a delightful visit with friends. Miss Pratt is numbered with the company of brides-elect whose wedding will inaugurate society during the later war. She is the fiancée of William Lloyd Hook. The betrothal was announced but a week or so ago. It will lend inspiration to many of the more elaborate affairs of the Easter season for not only is the bride-elect popular with the younger set but the college set as well.

A charming visitor to Oakland is Mrs. Turrell, the bride of H. Turrell, Jr., who with her husband is here en route to Seattle, where they will establish their permanent home. She is the daughter of Mr. and Mrs. Frank Nichols of Boston, a high society family, whose ancestor, Richard Warren, was one of the original signers of the charter of the Mayflower. The bridegroom is the son of Mr. and Mrs. H. N. Turrell of this city. He is graduated from the Massachusetts Institute of Technology.

A dinner was offered in compliment to Mr. and Mrs. Turrell at Hotel Oakland on Tuesday evening last.

Without the previous announcement of her betrothal and taking but a few intimates in the happy secret, Miss Laura Perkins was yesterday afternoon became the bride of Lieutenant George L. Weyler, U. S. N. The engagement has existed some little time and the young people planned to announce it next month, with the wedding to follow later in the year. The uncertainty of the bridegroom's future movements in the plans of Uncle Sam were the factors upsetting the nicely made arrangements. The bride arrived on Tuesday evening from New York, where she collected a lovely trousseau. Mr. and Mrs. Weyler are guests at the Fairmont awaiting Lieutenant Weyler's orders. Mrs. Weyler is the daughter of Mrs. Jane U. Perkins and a niece of Mrs. Eugene de Saba. She is also closely related to Mrs. Clement Tobin and Mrs. Herbert Payne. Mrs. Perkins and Miss Edna Perkins were the only witnesses to the hurried ceremony which was read in St. Mary's Cathedral by Rev. W. P. Sullivan.

CLUB IS FORMED
A Sunday Evening Club of Plymouth Center has been organized to promote the interest in the car service during services. This club meets regularly Wednesday evenings. An advisory committee of the club consists of Rev. Albert W. Palmer, Arthur A. R. C. Bennett, president of the Men's League of Plymouth; Leslie Burks, Owen E. Hotte and R. B. Cherrington.

NEED TIN PLATE
WASHINGTON, March 23.—To have the country from a shortage of canned food next winter, the car service commission of the American Railway Association brought to the attention of all railroads of the country the importance of exempting from embargo necessary shipments of tin plate in which to make cans. The commission is the request of the secretaries of commerce and agriculture.

CLUBS PLANNED SESSION IS HELD
LINCOLN, Neb., March 23.—Religious societies in Nebraska towns and cities are planning to open coffee houses to take the place of the saloons, which will be banished by edict of the voters May 1. Omaha churches will try out the coffee house idea and if it is successful they will scatter a number of them all over the city. The plan is to make the coffee house a social club for inebriated men such as they have in the saloon. Coffee and sandwiches are to be furnished cheap and the men encouraged to make the places clubrooms.

SESSION IS HELD
BALTIMORE, Md., March 23.—The National Child Labor Conference today began a three days' session here, bringing noted experts on the problem of child welfare. Three topics were on the program for today's meetings, as follows: "Making Child Labor Effective," "Codification of All Child Welfare Laws," and "Child Labor as an Obstacle to Social Reform." Among those announced to take part in the conference are Mrs. G. H. Mathis, field agent and agricultural lecturer of the Alabama Bankers' Association; Dr. Charles P. Neill, former federal mediator in labor disputes; Dr. Edward N. Closser of the National Child Labor Committee; and Owen R. Lovejoy, general secretary of the National Child Labor Committee.

FREIGHT DISPUTE
WASHINGTON, March 23.—Practices of American railroads in soliciting freight from abroad for transportation in this country were debated before the Supreme Court in a federal suit against the Lehigh Valley Railroad, the outcome of which will affect other roads. The government seeks to prohibit payments by the railroad to a New York freight forwarding company, based upon tonnage from abroad routed over its lines. That such payments are, in effect, illegal rebates is contended by the government and denied by the railroad, the latter insisting that the freight forwarding company is virtually a foreign freight soliciting agency. New York federal courts enjoined the railroad from continuing the practice.

Corsets

Fit the New Easter Frock Over a Bon Ton Corset

Perfect in line, style and flexible adaptability to the figure, they give a graceful silhouette and perfect ease and comfort.

The New Spring Models

are made to permit all the lines of the suit or frock to be brought out most effectively.

If anything, these new styles accentuate the contour of the figure a trifle more while imparting a delicate curve to the waist and a correct back effect. The busts are of medium height and the skirts neither too long or short.

Prices \$3.50 to \$10

Royal Worcester Corsets

A less expensive but most satisfactory Corset in models suited to slender, average and stout figures. Of white coutil and broche, in pink and white. Made according to the newest style ideas in corsetry.

Prices \$1.00 to \$3.00

GLOVES White for Spring and Summer Wear—All Colors for Easter

New Arrivals in Doeskin Gloves at \$1.50

No better Gloves for warm weather wear. Every woman should have a pair in her glove box. Large single clasp, excellent white doeskin gloves, pique sewn and with fancy wide embroidery on back. Easily washed at home.

LADIMOR GLOVES—\$1.75

Fine Kid Gloves to wear with the Easter Suit.

Single clasp at wrist and wide embroidery on back.

PRINCESS GLOVES—\$2.00

An Imported Glove of highest quality. Made of best kidskin. Two clasps at wrist and wide embroidery on back.

White Shoes for Easter

At a Saving of \$1.00 to \$3.00 a Pair

Freckle-Face

Now Is the Time to Get Rid of Those Ugly Spots.

Do you know how easy it is to remove those ugly spots so that no one will call you freckle face?

Simply get an ounce of othine, double strength, from your druggist and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds of March have a strong tendency to bring out freckles and as a result more othine is sold in this month. Be sure to ask for the double strength othine, as this is sold under guarantee of money back if it fails to remove the freckles—Advertisement.

To Avoid Dandruff

You do not want a slow treatment for itching scalp when hair is falling and the dandruff germ is killing the hair roots. Delay means no hair.

Get, at any drug store, a bottle of zemo for 25c or \$1.00 for extra large size. Use as directed, for it does the work quickly. It kills the dandruff germ, nourishes the hair roots and immediately stops itching scalp. It is a pure, reliable, antiseptic liquid, is not greasy, is easy to use and will not stain. Soaps and shampoos are harmful, as they contain alkali. The best thing to use for scalp irritation is zemo, for it is safe and inexpensive. The E. W. Rose Co., Cleveland, O.

FRIDAY, MARCH 23, 1917.

CONSIDERATION AT LEAST.

Citizens of Alameda have abundant cause to be concerned over the activities of the United States government. Under the authority of Colonel Edward Burr, the local representative of the army engineers, a private dredging concern is so depositing the refuse taken from the estuary that it is flowing over and settling on the bathing beaches on the south side of the city. These beaches are one of Alameda's principal attractions. Thereon thousands of the residents find their daily recreation and beneficial outdoor exercise; thousands of persons visit the beaches from other cities around the bay. Aside from this private interference with the city's popular playground, the silt, mud and foul debris deposited from the channel of Oakland harbor is injuring private property and creating serious dangers to the health of the residents of Alameda. It is being washed into the sewer flushing basin and thus is endangering part of the city's sewer system. It is inundating the public lands in Washington park.

When the city officials of Alameda appealed to the courts for a restraining order against these injurious and destructive activities, they were answered with the opinion that the federal government's plenary powers are indisputable, that the government, if it elects, may inundate all of Alameda in order to dredge a harbor channel. This opinion is soundly based in theory and has been reaffirmed time and again in practice and other court decisions.

But surely it is not the disposition of the government to be wanton and indiscriminate in committing private and public injury in the carrying out of a specific federal project. And no department or bureau official should be permitted by the government to work unnecessary injury in performing his duties.

It is absurd for the War Department to assert that it is committing no injury in depositing mud and silt on private and city property along the Alameda bathing beaches. The harmful effect of the work is patent to all who see. Moreover it is wholly unnecessary. By a trifling expenditure of time and money the refuse could be deposited elsewhere, or the beach protected.

The least the War Department engineers can properly do is to suspend operations until an investigation is made and means for conserving the health, the property and public benefits of Alameda citizens can be considered. Government interests will not suffer unduly from the delay.

THE NEW DEMOCRACY.

Prompt consideration of the recent movement toward democratic government in Russia was shown by the United States in its recognition, announced yesterday, of the provisional government created by the Duma committee of safety. This authority, set up to replace the autocratic rule of the Czar, is but a frail beginning of what must be erected by the people of Russia to insure their permanent freedom. But America has with proper alacrity expressed its complete sympathy with the acts and the objects of the revolution by recognizing the right of those who overthrew the imperial government to rule until the complete fabric of the new regime has been produced.

As soon as the democratic forces in Russia announce to the world that they have established a new government in fact, the United States will be first among the nations to accord it a welcome in the highest councils of great nations. All questions of legality will be—already—waived. The people of America have more than an academic interest in the efforts of the Russian people to govern themselves; they have followed with deepest concern and the most cordial sympathy the hardships the Russian people have had to bear under the bureaucratic autocracy. The rights and privileges which the revolution seeks to secure for the people are identical with those which the people of the Western Hemisphere have successfully fought to obtain. The government at Washington expresses the unanimous sentiment of the country when it extends welcome and good wishes to Russia.

Disappointments and reverses for the revolution there may be ahead, in the immediate future, but the ultimate success for democracy in Russia cannot be doubted. The people have tasted power and crushed superstition and flattery and deceit; they have thrown a hated imperialism and the ground

and it will never rise again. The troubles the Russian people must guard against are mostly to be found in internal dissensions. Their hour of greatest success is also their hour of greatest peril. If they win the war against the enemies of their country they will have won over themselves easily; but if they should lose, if they should fail to do better than the bureaucrats have done, the future will be hard and full of tribulations.

If the new government is controlled by intelligent and able leaders, around whom the people may rally in solid support for the preservation of their territory, all misgivings will soon disappear.

MR. CURRY ON FLOOD CONTROL.

Representative Charles F. Curry, in a hearing on proposed legislation at Sacramento, confirmed the warning given several days ago by THE TRIBUNE that the dissolution of the San Joaquin drainage district would seriously endanger the great flood control project to which the federal government has just become an active partner through the appropriation of \$5,600,000. Senator Chandler, and a half dozen other members of the legislature have introduced bills aimed to dangerously weaken or totally destroy the scheme for controlling the flood waters of the Sacramento and San Joaquin rivers, which has engaged the serious attention of the State and of Congress during the last twenty years. Discussing these assaults, Mr. Curry said:

"The dissolution of the drainage district would not only prevent any reclamation work by the landowners, but would absolutely defeat what is known as the major project, namely, the uncorking of the Sacramento river through dredging, the construction of four overflow weirs to catch the flood waters and the construction of the great by-pass system which the United States army engineers have planned to carry off the flood waters into Suisun bay."

As THE TRIBUNE has previously stated, California cannot afford to see this great project placed in jeopardy, because of the public benefit its completion would bring to all the northern half of the State. Much less can the present legislature afford to break the word and the faith of California with the federal government because a few large landowners have sharply planned to evade payment of a just and reasonable assessment on their vast ranch acreage.

NOW FOR THE TEST!

Agitation over the scarcity of food supplies in several of the large cities a month ago directed attention to a significant shortage in railway freight cars. It was conceded that the shortage was due mainly to inefficient handling of the cars and freight at the terminals and the despatch of "empties" to points where they were needed. The railroad operators gave public assurances that they would do everything possible to remedy this situation and to prevent a recurrence of similar conditions.

They will now have an opportunity to test their skill and resources. The citrus fruit crop of California is ready for the Eastern markets and already is beginning to move from the points of origin. The volume of this crop is greater than in any previous year, but the railroads know within a few score cars just how much rail accommodation will be required to handle it. They know the class of cars and the number each district and station in California will need.

Will the railroads market this great California fruit crop without delay and loss to the producers? If they fail, they will have no legitimate excuse.

According to announcements a lecture of unusual interest will be delivered in the Municipal Auditorium theater this evening, when Dr. Frederic C. Howe, United States Commissioner of Immigration, will speak on the subject of the city of the immediate future. This involves the consideration of many vital civic problems, among which the immigrant and new citizens generally occupy an important place. These problems cannot be side-stepped; they must be met and settled, and it is the duty of every community to equip itself by study and investigation of methods. Never before has urban life presented so many tasks, with such insistent demand for attention. The Chamber of Commerce has taken a praiseworthy step in arranging for this lecture and it is to be hoped that the study of civic problems will be pursued with consistent seriousness, not only by the commercial organization, but by all citizens who have a thought for the civic welfare.

In the number of the *Guam News Letter* just received is to be found an official advertisement reading: "The Naval Government of Guam has Japanese flower pots, in various sizes, for sale at reasonable prices." It is to be hoped that commercial enterprise in Japanese flower pots has not been conducted to the prejudice of the best possible defense of the naval station at Guam.

When the Sixty-fifth Congress convenes in special session April 2nd, Mr. Warren W. Bailey of Pennsylvania, Mr. Oscar Callaway of Texas, and Mr. Clyde H. Tavenner of Illinois, members of the last Congress, will be missing—thanks to a discriminating electorate in these three great States. There may be other pacifists on hand, however, whose heads it will be necessary occasionally to pull out of the sand or yank from an alien doorway.

Dr. David Starr Jordan is in New York City continuing his eternal role of pacifist. He is pleading with the government to offer more of soft words and abject surrender to a government that has sneered at justice and jeered the helplessly submissive.

NOTES and COMMENT

"Governor Stephens scans condition of State funds and plans economy. He anticipates appropriation bills by summoning committee chairman and Board of Control head." Fine action.

The Fish and Game Commission has been given control of the kelp industry. The kelp industry may be entitled to considerable sympathy before it completes the harvest.

The new measure to regulate pawnbrokers is headed up as something to "curb money lenders." As it provides a maximum interest of 3 1/2 per cent a month, the usurers are not likely to get seriously injured in the curbing.

While a bill is in a way to pass making it impossible to buy a trout, another has passed the senate authorizing the expenditure of \$1000 to restore Trout Creek in Sonoma. The legislature won't let you buy a trout, but is willing to fix it so that you can go and catch one.

The overt trouble is through and the danger seemingly passed in the Russian revolution, but there is a prospect that some former high officials may be called upon to answer for their acts before the overthrow.

There is one fact that is not wholly disheartening: Those who have stored potatoes in the hopes of realizing on an ascending market will soon be up against the sprouting season.

According to a despatch, the Human Soul Development Corporation of Detroit is a failure. The corporation was organized to develop just one soul, and found its equipment and resources unequal even to that. This soul development is a very particular business.

Though there doesn't seem to be many happenings to form a good working basis for decorating an adherent of the central powers, the Kaiser has just bestowed the Order of the Black Eagle upon Talaat Bey, the Turkish Grand Vizier.

When we are informed that there are 21,000 moving picture theaters in the United States and \$2,000,000,000 invested in the business, we do not really need to ask if the movie has caught on.

The news is flashed that Colonel Weinstock has won the fish-market battle. After properly rejoicing over the victory it will be in order to wonder how that is likely to affect the price of fish. Sometimes very hopeful reform measures fail to reform.

When we read that Ambassador Gerard paid 12 cents apiece for eggs in Berlin we realize that he played the game.

The fact is apparent that the new Emperor of Austria is not enjoying the situation which he found himself in on ascending the throne, and that he is seeking a way out that will save him from being considered a quitter.

Politics is to be taboed in the extra session of Congress, at least till the business that has been set shall have been fully attended to. The temptation may be great to go off on political tangents, but the people would instantly show their impatience of such philandering.

The change in a day from the estate of the greatest crown-bearer in the world to a political prisoner is a change such as is not often seen in this age. That is what happened to Czar Nicholas, and the prospect of his come-back is poor.

One of the legislative achievements of the week so far is the passage by the Assembly of a bill to protect Pismo claims. A by-product of this bill is that it will lead to popular enlightenment as to just what Pismo claims are.

Governor Stephens is gaining prestige by finding himself so busy that he can't answer the many questions as to what he is going to do. He also gives the overlook to appeals to address public meetings, and tactfully declines all invitations to formally eat.

SPIRIT OF THE STATE PRESS

There is one vegetable that all the Libby, McNeill & Libbys in the land cannot corner so far as Chico is concerned, and that is the tomato. There will be tomatoes to burn in this neck of the woods regardless of what the canneries do.—Chico Enterprise.

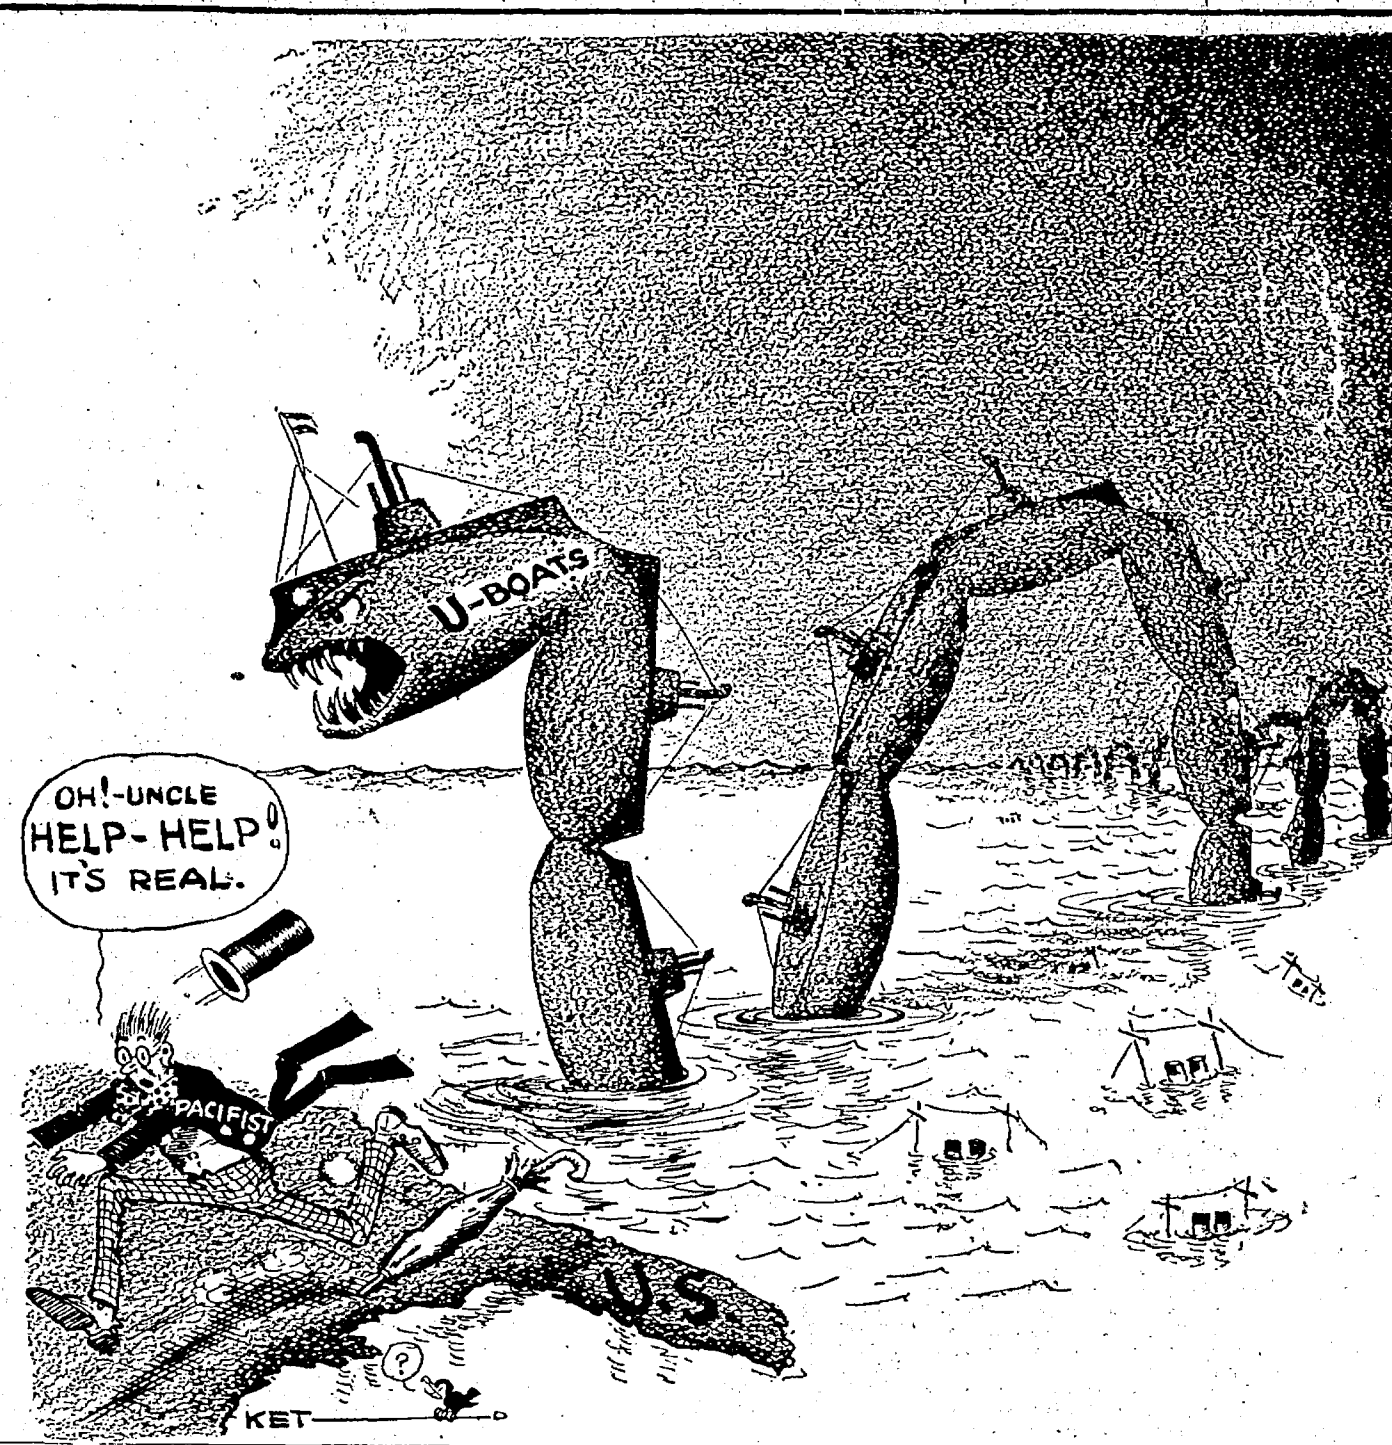

Francis J. Heney, in a telegram from Washington, has resigned his position as city attorney of Santa Monica. The resignation was addressed to the city commissioners, who had demanded it. Mr. Heney waived any claim to salary for the month of February or for March. His resignation was asked for, not because of any dissatisfaction with his services, but because he had gone to Washington and the city's legal affairs had suffered by reason of his long absence. The salary of the office is \$150 a month.—Los Angeles Express.

\$750,000,000 A YEAR.

In the current issue of Farm and Fireside Judge Hughes, chairman of the House Committee of Education says:

"We are among the world's great industrial people, and the immediate problem of vocational education is the problem of equipping for the successful pursuit of some useful occupation the youths who go to work at the rate of more than 1,000,000 a year. If we assume that a system of vocational education pursued through twenty-five years of the wage-earning capacity of each of these to the extent of 10 cents a day this would have made an increase of wages for the group of \$2,500,000 a day, or \$750,000,000 a year. This is a very moderate estimate, and the facts would probably show a difference in the earning power of the vocationally trained and the untrained of 25 cents a day. This would indicate a waste of wages through lack of training to the extent of \$6,250,000 every day, or \$1,875,000,000 for the year."

THE MODERN SEASERPENT.

TODAY 20 YEARS AGO

The twenty-ninth anniversary of the founding of the University of California was celebrated at a ceremony in Harmon gymnasium, Berkeley. President Kellogg presided, and on his right sat Prof. Joseph Le Conte, J. Arthur Elston, as president of the Associated Students, was one of the speakers.

The many supporters of the plan to annex Piedmont and other districts to Oakland are surprised at a protest against annexation filed with the city council.

Fire destroyed the magnificent residence in Alameda of the late A. A. Cohen, formerly attorney for the Central Pacific Railroad Company. The damage amounted to more than \$500,000. The Cohen home was said to have been the handsomest west of the Rocky Mountains.

OUR MERCURIAL INTELLIGENCE.

Less than a year ago naval experts and others were scoffing at the idea of building large numbers of coast and cruising submarines, but now they are feverishly demanding more and more of them. Today many scoff at the universal training plan, a month or six months from now they may be lamenting the delay in putting this measure into force.—Auburn Citizen.

HER CLOAK.

I saw her at the Mardi Gras
With kings and beggar maids,
And queens and clowns and troubadours
In velvets and brocades.
The sly alluring smile upon
Her red lips would provoke
A holy saint to steal a kiss;
She wore a scarlet cloak.

In penitential days of Lent,
I met her once again,
And she was clothed from head to feet
In gray severely plain.
But when the boisterous breezes blew
Her sober cloak about,
A flash of scarlet showed it was
The same—worn inside out.
—Minna Irving, in New York Sun.

SUCH AN AWAKENING!

What a reckoning there is in store for Prussian diplomacy when the German people come to their own and realize not only how woefully they have been misled by it but how greatly they and their country have been damaged in the eyes of the world by its stupid blunderings!—New York Herald.

Direct mail service will be started between Ecuador and Cuba in the near future, thereby saving fifteen days in the delivery of mails.

THE JESTER

Still Going.
Hon. Mr. Sweet was smoking friends with Johnny, his host's son.
"And how old are you?" he asked.
"I'm five," said Johnny.
"Ah, quite a little man! And what are you going to be?" questioned Mr. Sweet, who believes that he selected his own career in the cradle.
"I'm going to be six," Johnny returned with conviction.—Youth's Companion.

Our Unkind English Friends.
"Only One Voice in the United States," says a headline. A nasal one, we presume.—London Globe.

Equal to the Occasion.
The valor and candid simplicity of the Indian Babu are proverbial. A story goes of one anent the German East campaign, who—in the words of a contemporary—was about the most laconic, competent, deadly earnest station master and marksman combined that ever lived. A regiment of men like him would end the war, for this is the wife he sent: "One hundred Germans attacking station. Send immediately one rifle and 100 rounds ammunition."—Argonaut.

Used to It.
"I beg your pardon. I didn't mean to step on your foot."
"That's all right. I walk on 'em myself."—Ohio Sun Dial.

FIFTH BLAST FIRES PLANT OF BUTTERS

Aluminum Dust Manufactory Shaken by Explosion in the Night in "Mixer" Room

Oakland Fire Department Confines Blaze Entirely to One Structure; Damage Is Small

For the fifth time within the past thirteen months, the police and fire departments were called to the Charles Butters plant, 6272 Chabot road, last night, when gases resulting from secret processes, exploded, and endangered the lives of thirty-five workmen. No injuries resulted and nominal damage was confined entirely to a "mixer" structure of loosely joined wood and corrugated iron.

Beginning with February 16 of last year, the exclusive Claremont District have been visited by a series of fire and explosions in the Butters laboratory and plant. A few weeks before this time, Butters demanded that the City Council cause former Chief of Police Woods to tender him an apology for allowing undesirable notoriety to become current about his plant. At that time he denied that aluminum dust itself was an explosive and from time to time has reiterated this statement.

On July 19, 1916, another call for police and fire department aid resulted from a fire and explosion in the generating machine. Nominal damage and no injuries were reported at this time. The third explosion and resultant fire in the Butters plant history came about December 21, when, with a roar heard for blocks, gases in a generating building again blew out one end of a corrugated building. No one was in the building and damage was not large.

Butters, in New York, hurried back and again said that aluminum dust was not in itself explosive. A police investigation followed, however. On February 1, another explosion occurred in a filtration building, and this time John R. Markley, foreman, and James M. Brown, workman, were painfully though not seriously burned. Safety doors installed following the previous call and police investigation, are believed to have saved their lives.

Last night's explosion resulted in a mixer machine. Damage to machine and building will not exceed \$200. One side of the roughly constructed building, holding the machine was blown out. Assistant Fire Chief D. J. Barr and his men soon had the flames under control. According to the fire official, three shifts are working the Butters' machinery day and night.

ANTI-WAR MEETING.
Walter Thomas Mills will speak at an anti-war mass-meeting at Hamilton Auditorium, Thirteenth and Jefferson streets, Sunday evening.

Tribune Has Many Potent Features Next Sunday's Issue Will Sparkle

Recruits for the army, navy and marine service are being made in Oakland every day. Uncle Sam's officers are scouring the county in automobiles and are taking up their posters in front of every village postoffice. "Men Who Bear the Brunt of Battle," an illustrated story in Sunday's magazine section of THE TRIBUNE, tells what is being done and how, and it also tells something of the life at sea and in the ranks. Unusual pictures of our largest dreadnaughts and battle cruisers go with the story.

A famous woman scientist is on her way to California looking for the missing link. Will she find it in Oakland? The story of her search and her belief that the goal is not far off reads more like romance than fact, but it is fact.

In thousand ways the Government is seeking to prevent death and accident. For instance, did you ever hear of the safety first train that may pull into Oakland some day this summer? There is an illustrated story about it in THE TRIBUNE magazine Sunday.

How a number of Berkeley women found that they could dance embarrassment and self-consciousness away is told in another story, an appreciation of grace and beauty.

"Clipped Wings" goes through an exciting chapter and "Captivating Mary Carstairs" has reached its most interesting point. There is a page of fashions, some startling new discoveries in the scientific world, a page of art and a page of music.

BRIDE-ELECT WILL BRING LITTLE BOY LOCOMOTIVES ARE NEED OF AMERICA

TRIBUNE BUREAU

683 MARKET ST.

SAN FRANCISCO, March 23.—The trans-continental journey of a 6-year-old boy occupied the attention of the Supreme Court of New York state yesterday and as the result of this momentous discussion, Mrs. Lillian Patterson Dale will bring her son, Frederick Colgate Dale Jr., with her when she comes here in July to marry Allan Joy Callaway. Mrs. Dale was divorced in Reno on January 24, 1916, after she had lost a divorce suit in New York.

When Dale, who is a wealthy member of half a dozen New York clubs, heard that his former spouse was contemplating matrimony again he petitioned the court for a restraining order to prevent the boy from being taken out of the city. This application was denied when testimony was given that Callaway intends to make his home in New York. But Mrs. Dale can keep the boy away from New York just one month, says the court, and no longer.

POTATO HIS PLANK

INDIANAPOLIS, Ind., March 23.—Lew Shank, who jumped from the mayor's chair into vaudeville, then rebounded into politics again, today announced that he will run on an independent ticket in the mayoralty race. His emblem will be the lowly potato. It was Shank's municipal potato sale that won him fame while he was mayor.

MURDER RECORD

STOCKTON, March 22.—Nineteen men charged with murder are now in the local jail. This record has never been equaled in the county.

WASHINGTON, March 23.—In case of war they American transportation system would be inadequately equipped to move troops and munitions as quickly as desirable because of a shortage of locomotives, according to confidential information which has been laid before the Interstate Commerce Commission and the war department by railroad executives.

The commission has been told that one of the principal reasons for the moralized transportation during the past winter and still is felt sharply in some sections, is the locomotive shortage.

The reason for this is the fact that many big plants which were building locomotives before the war have transferred their activity to the manufacture of war munitions for the navy. Added to this cause is the fact that railroad transportation has been tremendously increased during the last two years by boom times and the exceptionally heavy freight traffic and this fact has worked out locomotives with unusual rapidity.

The roads have been so pressed to carry freight speedily that they have not withdrawn locomotives from active service, for repairs in time and deterioration has thereby been hastened, according to information.

AMENDS LAWSUIT

SAN RAFAEL, March 23.—Miss Maude Howard, daughter of the late Emma Shafter, has changed her mind about forcing a partition sale of the old Howard-Shafter Spanish grant in Northern Marin county, owned jointly by herself and three brothers. She filed partition suit brought by her several months ago.

'MYSTIC LOVE' IS ENDED BY DEATH PACT

Girls, Fearing Separation, Dine in Cafe for Last Time, Then End Own Lives With Pistols

Relatives and Friends Cast Light on Strange Case; Weird Infatuation Is Tragedy

PORTSMOUTH, N. H., March 23.—A "mystic" love motive, embodying an infatuation as strong as it was tragic, was revealed today as the salient feature of the tragedy here in which Peggy Spaulding, Newton, Mass., and Ethel Stanton of Cincinnati shot and killed themselves in a crowded Congress-street cafe.

Between the Stanton girl, the rich student of the fashionable Dana Hall school in Wellesley, and the young and beautiful Newton teacher of physical culture, existed, according to friends of both, one of those strange attractions, now widely scattered here and there in the love history of the world.

Ethel Stanton, thin, somewhat anemic and evidently on the verge of nervous decline, and according to friends, a miniature of the girl mat, Wellesley acquaintances, apparently found a "soul mate" in Peggy Spaulding, one of the most imposing of Newton's younger beauties.

DEFYING FRIENDS.
Defying every effort of friends to break it up, the uncanny love affair proceeded to that point when fearing even short separations they ended their lives with the two shots that created miniature panic in the Portsmouth restaurant.

There appeared to be little chance that their last request found in the pathetic note signed "Ethel and Peggy" would be fulfilled. The Stanton girl's attorney, wired from Cincinnati directly, that her body be shipped there for burial, and Spaulding, of Newton, hurried to Portsmouth to claim the remains of his daughter.

Authorities at the fashionable Garland School for Homecoming, where Peggy Spaulding had her physical culture classes, were shocked by the news and maintained a discreet silence about the affair. The same was the rule at Dana Hall, Wellesley.

Ethel Stanton was the daughter of J. L. Stanton, city passenger agent of the Rock Island Railroad in Los Angeles. Her mother was divorced and later married F. A. Snyder, a catnip dealer of Erie, Pa. She was later killed in a fire in her home.

The Stanton girl was 22, Peggy Spaulding was one of the most popular girls in Newton. Her father, E. L. Spaulding, is a well-known Boston manufacturer and a leader in the paredness movement. Miss Spaulding, it is said, has been in the employ of Miss Stanton for some time as a companion.

HIDE IN HOTEL.
The girls came here on Wednesday and registered at a hotel as Ethel Stanton and Rose King of Wellesley. They stayed in their room the entire day yesterday and did not go to the cafe until early evening. They drank strong black coffee and talked in low tones for several hours and then came the two simultaneous shots. When found Miss Stanton held a 32-caliber revolver and Miss Spaulding a 22-caliber revolver. Police today said they were satisfied that each girl had killed herself, although earlier reports said they had killed each other.

In a traveling bag left at the hotel by the King girl was a letter telling of an agreement between the two girls to commit suicide and asking that they be buried together. The letter signed "Peggy" was addressed to Mrs. E. L. Spaulding, Newton Center, Mass. The police communicated with Mrs. Spaulding and learned that "Rose King" was her daughter.

LEAVES NOTE.
A note addressed to C. S. Malsbury, Johnson building, Cincinnati, was found in the Stanton girl's bag. The bag also contained a ticket to Wellesley and a small amount of money.

The girls, each about 20 years old, had been in the hotel last night for more than two hours before other diners were started by the shots. They rushed to the booth and found the girls lying dead on the floor.

It was learned later that the note found in Miss Spaulding's bag was signed "Peggy" and was addressed to Mrs. E. L. Spaulding.

TEXT WITHHELD.
Its text was not made public. The police said the note declared that the girls "had to die," that "it was better that they should do so," and expressed the hope that "all would meet in a better world." It gave no definite reason for their act.

GIRL IDENTIFIED.
CINCINNATI, March 23.—Judge Malsbury, when asked at his home here, said he was the executor of Ethel Stanton's mother's estate. Ethel Stanton's father is J. L. Stanton, city passenger agent of the Rock Island railroad with headquarters at Los Angeles. According to Judge Malsbury Stanton divorced his wife and she married F. A. Snyder, a manufacturer of Erie, Pa. Judge Malsbury said Mrs. Snyder was later killed in an automobile accident.

WAS ATHLETE.
NEWTON, Mass., March 23.—Miss "Peggy" Spaulding, who was shot at Portsmouth, was a graduate of the Newton high school. She was prominent in athletics, having served as captain of the high school girls' hockey team.

LOS ANGELES, March 23.—J. L. Stanton, city passenger agent of the Rock Island railroad, father of Ethel Stanton, said here he could not ascribe any cause for his daughter's act. He said she was 22 years old and had been traveling almost constantly since leaving this city five years ago.

Traffic Now Tied Up
LARAMIE, Wyo., March 23.—Raily road traffic in Wyoming is paralyzed by a raging snowstorm, which shows no signs of abating at noon today. Four west-bound Union Pacific trains are held in the yards here, despite the efforts of five rotary snowplows which worked all night to clear the tracks.

SEEKS AID; IS MISTAKEN FOR ROBBER

Driver Runs Down Woman Then Tells Police He Has Hurt Assault on the Road

Owner of Stalled Machine, Out Waving Stick, Is Cause of Scare; Officers Clear Mystery

Mistaking Henry Henlun for a highway robber when he got out of his stalled automobile and waved his stick for assistance, Edgar R. Crouch, a jitney driver, 2144 Telegraph avenue, ran down Henlun's wife on the Moraga road last night and then notified the Piedmont police that he had injured one of his assailants. Chief Is. F. Becker of Piedmont hastened back to the scene of the supposed attempted holdup to arrest the injured robber and found Mrs. Henlun badly bruised and cut as a result of being struck by Crouch's automobile. She refused to go to a hospital.

Explanations were given by Henlun and Crouch of the incidents that led up to the latter's attempt to escape what he thought was a holdup, in which it appeared that a third automobile, traveling at a furious speed, was responsible for the whole trouble. Henlun, driving slowly along the Moraga road shortly after 10 o'clock, heard the fast-going machine approaching from behind and coming from the direction of Oakland. He judged it was speeding at more than fifty miles an hour and at the corner of the Moraga and Thornhill roads it turned into the side to let the other car pass. In doing so his car ran into soft ground and sunk near to the hubs in mud.

Just then another machine approached and Henlun went into the middle of the road and waved his stick for assistance. Crouch, who was alone in the other car, thought Henlun was a robber. Instead of stopping he stepped on the accelerator in order to escape.

Crouch believed he had injured one of the robbers and, hastened to the Piedmont police station. Twisted lamps and a dent in the radiator of his car indicated he had struck the robber a heavy blow. Arrived where the holdup was supposed to have occurred, Chief Becker and Crouch approached cautiously. They found Henlun assisting his wife, who was dazed by the blow. Chief Becker offered to take the injured woman to a hospital, but she refused, and after her husband's car had been lifted from the mud, continued on the way with him.

And green as centerfield,
But we've a hunch the fans will like
The bush stuff that's revealed.

BEAR-CARDINAL SERIES TO START

California and Stanford meet tomorrow for the first game of their five game series. The game will take place on the Stanford field. There is a general feeling that California has enough edge to make her a winner. The preliminary games of the series were won by California, but the Stanford team is one of the best teams of her history.

The outstanding feature of this year's team is the number of veterans on the lineup. With the exception of two men, Gimbal and either Morse or Hudson, the California team will line up next Sunday with the same team as last year. Seven men, including the first string pitcher, Dimmock, who will start the game against Stanford, were members of last year's victorious team.

Harold Dimmock will start the game on the mound. Hitting this year has been good and his experience in last year's series against Stanford will stand him in good stead. He pitched all three of the games last year winning two out of three. His confidence is as good, if not better than it was last year, there is no reason why he shouldn't give a good account of himself as a pitcher.

Ball and McCabe are perhaps the next best bats. Holmes and Hill are possibilities to be reckoned with. Gimbal, though a new man on the varsity lineup, has shown up well. He played in the outfield on his freshman team and has been a regular in the outfield since then until Zamloch decided to make a catcher out of him. The new pitcher, Dimmock, has been playing good ball, using his head and throwing well.

Stanford's first baseman and a man California will miss next year. His playing has been practically without error throughout the season and he is considered one of the mainstays of the team. Claude Rohwer has been shifted to second base. Rohwer has been playing his usual fast game at that position and though he has dropped the ball several times at critical periods this season, he can be counted on to come through against Stanford. Carroll Smith will again take care of the third sack for California. No one has really threatened his right to the third position this season and his work has been well up to form. Either Harry Morse or Del Hudson will be used at short.

The outfielders will be Ray Rohwer, Sammy Adair and Caddy Works. Of the three, Captain Sammy Adair is easily the leader in all round ability. He is a perfect fielder and his hitting has been sensational. Ray Rohwer, at leftfield, has been doing his share of the hitting this year and has been a regular in the four flies in good shape. Caddy Works is perhaps the weakest man on the team. He has over 100 hits, but his fielding has not been all that it might have been. Owing to the fact that he spent the first part of the season playing basketball his work lacks the finish of the other members of the team.

Muff Bronson Will Make Debut Tonight
San Francisco fistic fans will have their first opportunity tonight to witness Muff Bronson, the Northwest biffer, in action when he mixes with Dick Kendall in the main event at Dreamland Rink. Bronson was a big favorite in the Northwest cities and promises to give the transbay boy a tough argument. The special event should furnish a slugging match when Jack Hall and Knockout Krovosky get in action. Jimmy Dundee, the local favorite, will mix with Young Phillip Calvadore in another special. Seattle Frankie Burns and Joe Touchlin, a welterweight brawler, will mix with McMillan and Ralph Manfredo hook in a lightweight event. Babe Murphy and Frederick Frey mail a heavyweight. Master Claire Bromo and Jimmie Herschell quinner at 125 pounds, and Joe Fallon paws James Roche at 135.

HANDY DOPE BOOK OUT.
The baseball season for 1917 has surely arrived, the first schedule book having made its appearance. It is the Dope Book, published by C. C. Spink & Son, St. Louis, Mo., publishers of The Sporting News. Besides containing schedules, there is to be found in this little book, much information of real value to every fan, including "Casey at the Bat," records of 1916, as well as records of all prominent facts on the diamond and complete biographies of stars of the game, telling where they were born, with what clubs they have played, how they bat and throw, etc., etc. There is also instructions on "How to Score," "Giant's Great Winning Streak" and "Alexander's Pitching Feat of 1917."

MANDOT WINS BOUT.
NEW ORLEANS, March 23.—Joe Mandot of New Orleans was given the referee's decision over Jimmie Minor of Memphis at the end of a ten-round bout here tonight. Mandot was credited with every round. The men are lightweights.

Base hits.....1 0 1 2 1 2 2 1—6
Oakland.....2 0 0 1 1 2 0 0—6
Base hits.....2 0 0 1 1 2 1 1—10
Summary: Two runs, 4 hits, 19 hits, 10 runs, 18 at bat off Demaree in 5 innings. Credit victory to Prough; charge defeat to Carter. Three-base hits—Chadbourne, Miller, Murphy. Two-base hits—Wolter, Vortherman, Williams. Sacrifice hit—Vortherman. First base on called balls—Off Goodbred 1, off Demaree 1, off Carter 2. Struck out—By Goodbred 3, by Demaree 2, by Carter 1, by Prough 2. Double plays—Shay to Vortherman to Saier; Vortherman to Saier; Prough to Sheehan; Sheehan to Mensor to Arlett. Left on base—Chicago 4, Oakland 4. Wild pitch—Prough. Passed ball—Murray. Time of game—1:40. Umpires—Casey and Finney.

Inside Stuff, as Revealed by Billy Fitz

DEL HOWARD refuses to be tricked into any pennant claims in behalf of his ball club, neither does he express any worry or concern over their probable behavior in the seven months' race that opens April 3.

"Watchful waiting and preparedness," is the Howard platform. The Oakland leader has gone into the high-ways and the by-ways, mostly the by-ways, in his search for ballplayers, and most of his material is so new to him that he cannot tell how it will wear until put to the actual test.

"Youth, speed and energy," those are the three things that we possess at the present time," said Howard this morning in discussing his team, "and those three things go a long way, providing they are reinforced with the necessary amount of playing ability."

"I have been criticised for gathering too many bushers, which is rather amusing since most of the men I have in Oakland uniforms now have actually seen major league experience or have been tabbed by major league scouts as worthy of a trial in the big circuits. No one would hardly call Billy Lane a busher, for we could sell him to a major league club right now if we cared to. You can't call Hack Miller, Ira Colwell or Fred Goodbred bushers, for they came to us from Brooklyn, the National League pennant winner. Chester Chadbourne is certainly no busher. Carl Zamloch has seen service with Detroit, Eddie Mensor with Pittsburgh and Catcher Kilhullen has had two trials with the majors. Bill Prough came to us from the White Sox. Ray Kromer's release had to be secured from the New York Giants. Outfielder Billy Lee wore a St. Louis uniform. Pitcher Bill Burns was once a member of the Chicago Cubs and Harry Krause a star with the Philadelphia Athletics. Ollie O'Mara, who is on his way here now, comes from Brooklyn. Where, then, does anyone get the license to say that we are a 'lot of bushers'?"

"As a matter of fact we have more men of major league affiliation on the Oaks than they have on any other club in the league, the difference being that most of our players have a chance to go up again, while the same thing cannot be said of most of the players on the other clubs."

"I regard the Oakland club as one of unlimited possibilities. Whether those possibilities will be realized right off the reel is a question. One can't turn a finished ball team into the field on short notice. Few of our players have played together, and that is a big handicap. We will try our best, and as fast as a weakness develops it will be remedied."

Oaks and Cubs Are Fifty-fifty on Series But Howard's Men Have the Edge on Runs

The Oaks and Cubs are now running a dead heat in the Exhibition Handicap, each having swatted the other three times. Sunday morning's game should decide the series, and in honor of the event a detachment of 200 marines, accompanied by the Yerba Buena troupe of hornblowers, will attend in full regalia. There will be no Teuton music, but plenty of tooting. In this connection it is interesting to note the grand total of runs, hits and errors made by the two clubs as opposed to one another in the six games they have already played:

	R.	H.	E.	SB.
Cubs	28	52	8	9
Oaks	33	59	11	6

Thus it will be seen that Howard's team scored five more runs and seven

more hits, despite the fact that they committed five more errors than their opponents. Prough, Arlett and Beer are charged with the three defeats, while Krause won two of the games and Prough the other. Chadbourne stole three of the six bases credited to his club.

Bridegroom O'Mara Expected to Come to Terms and Wear Uni Next Sunday Morning

Oliver O'Mara, the Brooklyn bridegroom, is due here tomorrow evening, having telegraphed the club from Kansas City. O'Mara is bringing his young bride here on a honeymoon. Cal Ewing and Del Howard regard this as a hopeful sign, for they figure that a newly married man has no desire to find himself out of a job in these troublous days. Before he is handed a uniform and permitted to warm up his salary wing O'Mara will have to agree to terms, so that a conference with the firm of Ewing, Ish & Howard is about the first thing on the program. Granted that the St. Louis warrior signs up, there is no certainty that he will horn into a regular job at time for the opening of the season. The team is going too well for Howard to tamper with the machinery now, and O'Mara will have to be content with warm-up work until such time as he proves that he is ready to step in there. The signing of O'Mara will mean that Bobby Coltrin will go back to the Northwestern League. Ollie is too costly a chap to retain except in the position of a regular.

Mitchell Trots Out Two Cubs for First Time; Catcher Art Wilson Is Far From in Shape

Fred Mitchell shuffled his cards a bit yesterday and dealt out a couple of new ones, Artie Shay, a Boston semi-pro, working at short, and Art Wilson behind the bat. This was Wilson's first appearance behind the plate this season and the veteran was a bit off his work. There was a report that Los Angeles had put in a bid for either Shay or Murphy, another shortstop with the club. Shay can field but can't hit, while Murphy can hit but can't field. Combined they make a good shortstop, but separated they are somewhat handicapped.

The bright particular luminary in the Cub line-up, as revealed by the games here, has been Third Baseman Charley Deal, who helped the Braves to the world's pennant in 1914 when he stepped in to fill the place of Red Smith, out with a busted leg, and batted around .500. Deal has a wonderful pair of hands, is quick in getting the ball away and can bat. He hurled to the feds from Boston, played last year with Kansas City and was then grabbed by the Cubs.

The Oaks failed to get away for Boyes Springs last night and took the first train this morning. They will return tomorrow night for the Sunday morning game, and then hustle right back for a last round of sulphur baths, magnesia and Boyes Springs sunshine. Camp will probably break up Friday. Special attention will be paid this week to team work and signal practice.

Bobby Messel hurt his knee sliding into second yesterday and his place at first was creditably filled by Pop Arlett. This calls to mind the fact that the Oaks have at least two good utility players among the pitchers, Harry

Krause and Pop Arlett. The former can play an outfield berth acceptably and is a mighty good pinch hitter. Arlett was used only the other day as a pinch hitter and responded with a neat single.

"Triple" Miller performed his daily job yesterday. The blow came in the sixth inning and the ball rolled out nearly to the clubhouse, Middleton scoring from first. When a guy can slap out a triple on a ball that is over his head he must be strong in the forearm.

Bill Prough Refuses to Accept a Handicap; Lets Cubs Even Count and Beats 'Em

Fred Goodbred, the joy of the shoemakers, coupled up with Al Demaree for the first five rounds and left with the count 3 to 2 in his favor. Bill Prough, disliking to accept any handicaps, staked the Chicago bunch to a run in the sixth on two singles, a wild pitch and a passed ball, and then proceeded to win the game all over again. Prough worked against Nick Carter, whom the Oaks nicked for three runs and seven hits in three innings. Dan Murray caught another good game, but he didn't have any more foul flies to snare. The Cubs are off him. Chester Chadbourne opened the game with a triple to right and Captain Rod Murphy hit for three bases in the eighth, showing that Hack Miller has some rivals in his department.

Painless Parker---Outlaw His Confessions

CHAPTER XLII.

So jealous is the State Board of Dental Examiners of the sanctity of the tooth-plumbing standards of the Golden State that it won't recognize a diploma from the University of California dental college. In other words, a State Board of views with suspicion the graduates of the State's highest institution of learning.

You may have passed with the highest honors in the State's dental college—but you have to submit to an examination from the State Dental Board just the same.

There's the acme of conscientiousness. For fear that some lone black sheep might sneak into the snow-white flock, the seven righteous on the State Dental Board repudiate the State University diploma and insist that all graduates must pass the fiery ordeal which they themselves only are sure will be the positive and infallible test.

You can see at a glance how beautiful is the co-ordination between the State Board and the State College. It must be flattery to the faculty of the dental college to have seven practicing dentists, sitting on this Board, reject the diploma, which they issued, and demand that these freshly sheep-skinned dentists take a final examination at their hands. Just what good is that diploma, anyway?

One can understand the State Dental Board scrutinizing the diplomas and credentials of those who come here from other States, whose dental colleges may not be known to have the proper standards. But the California dental college, one would suppose, has standards which should be high enough so that a diploma, issued by it, would be prima facie evidence that the graduate was good enough for this State.

But, as I say, this Dental Board of ours is so high-minded that it won't take a chance. Knowing more dentistry than the professors at the dental college, it must, perforce, air this erudition by giving each diploma-bearer the supreme test. They've all got to do a Daniel and go into the lions' den.

And thus is the sacred art of Ivory-etching glorified day and night by this band of intellectual Titans, consecrated to the holy cause of protecting dentistry, the Common People—and themselves.

PICTURES LOST

NEW YORK, March 23.—Paintings by old masters, valued at more than \$250,000, stolen from the Atheneum at Santander, Spain, when that place burned last January 10, are believed by Baron de Quinto, their owner, to have been smuggled into the United States and hidden.

Baron de Quinto, aided by the police of many cities, started a nationwide search for the paintings today. Among the stolen works of art are Van Dyck's "Portrait of the Duke of Richmond," Titian's "Venus and Adonis" and Velasquez's "The Disciples of Emmaus." The Spanish

METEOR STRIKES

BISHOP, March 23.—Illuminating the upper Owens valley for half a minute like a searchlight in the skies, a meteor of extraordinary size and brilliancy flared from east to west and brought up against the high Sierra Nevada. There was a crash that could be heard for miles when the foreign body hit the mountain side, far above the floor of the valley. The report sounded like the report caused by the impact of a projectile from a great gun against a fort. There followed a tumbling of dislodged stones not from the camp of the Round Valley Congregation.

ambassadors may seek federal aid if the local searches fail.

TRIAL POSTPONED

REDWOOD CITY, March 23.—When the case of Mrs. A. W. Pike, society woman of Redwood City, indicted for shooting F. A. Stallman, a San Francisco merchant, in the leg for plucking berries on her country estate, came up before Judge George Buck yesterday it was continued one week. District Attorney Franklin Swart wants time to answer technical charges raised by the defense as to the validity of the indictment.

SAVE COUPONS

FOR MONDAY NIGHT

SHIPYARD MEN

RETURN TO WORK

Are you going to get that second Chevrolet automobile that The TRIBUNE is going to give away next Monday night at the Orpheum theater?

It's right up to you if you don't.

Every reader of The TRIBUNE has got just as much chance to get that automobile as did Mr. Connor last week.

Are you going to get it?

The TRIBUNE would be glad to have every reader of this paper ride around Oakland in a TRIBUNE car, but this, unfortunately, can't be done. So The TRIBUNE will have to be content with awarding one Chevrolet automobile every Monday night at the Orpheum theater.

Are you going to get that second car?

The TRIBUNE is putting up one Chevrolet automobile. It costs \$625.

You can get it for absolutely nothing.

Do you want it?

The TRIBUNE wants you to have it. The TRIBUNE is the only paper in the city to have some reader of this paper get that automobile.

If you don't believe that ask Mr. L. H. Connor of East Oakland.

HE WON A CAR.

Mr. Connor is a busy young business man of the East Oakland district. He subscribed to The TRIBUNE and saved coupons that he clipped from the papers that were served at his door. There were not many coupons in Mr. Connor's collection. In fact, there were only six coupons, and yet one of those six coupons won the prize of a \$625 Chevrolet automobile.

You can do the same.

The TRIBUNE wants you to do just what Mr. Connor did.

If you have any question about it, ask Mr. Connor how he got his automobile. He will tell you that he did just what The TRIBUNE is telling every reader to do right now.

Save your coupons.

Take those coupons to the box-office of the Orpheum theater and exchange them for TRIBUNE-CHEVROLET shares.

It doesn't cost a cent to get one coupon, or 100, it is all the same.

Then deposit them in the big strong box of the Orpheum theater that is right in the entrance.

If there is any doubt, ask the man in the box-office and exchange them for TRIBUNE-CHEVROLET shares.

The only thing that you have to remember is that you have to be in the Orpheum theater on Monday evening next in order to claim your prize.

If you have any shares in the great TRIBUNE-CHEVROLET automobile contest, deposit them right now and then reserve your seats at the Orpheum theater for next Monday night. Do you know that there were more people in the Orpheum theater last Monday night than there were at the opening of this great playhouse? Those people were attracted by this great TRIBUNE automobile dividend contest.

Remember that the gentleman who won the automobile last week had just six "shares" in the box.

You may be just as fortunate.

When you have your coupons, or 600 shares, The TRIBUNE wants you to clip the coupons that are printed every night and take your opportunity to win the finest little touring car that there is on the market.

The TRIBUNE is giving the automobile away.

The TRIBUNE is printing the coupon every day that will enable some one to get that automobile.

The TRIBUNE wants you, as a good reader of The TRIBUNE, to get that automobile.

The TRIBUNE wants you to cut out every coupon that you can find from any copy of the paper. There are no restrictions upon how many coupons that you can use. They all count toward the great prize of a TRIBUNE-CHEVROLET "share" at the box-office of the Orpheum theater.

Take the TRIBUNE coupon to the Orpheum box-office and exchange it for a "free share" without cost.

This is where you can get something more than mere talk of cutting out a TRIBUNE coupon.

Try it.

It costs nothing.

SHIPYARD MEN

RETURN TO WORK

SHIPYARD MEN

RETURN TO WORK

After being out for only one day, 1800 shipwrights, caulkers and joiners returned to work this morning in the shipyards of Oakland, Alameda and San Francisco, following a meeting last evening, at which the union voted, 415 to 140, to accept the compromise on wages offered by the employers. The compromise, which goes into effect on Monday morning, provides for \$4.75 a day for old work and \$5.50 for repair work, effective until June 15, when a raise will be made to \$5 and \$6, which will in turn be effective until September 15, when the contracts between the ironworkers and the employers expire.

It is said that the strike would not have taken place at all had not a meeting on Wednesday night been postponed so late that it was impossible to recall the order already issued for the men to walk out. The agreement ratified last night is signed by A. S. Gunn, of the Union Iron Works; Lester F. Stone, of the W. F. Stone shipyards; W. A. Cole, international officer of the Brotherhood of Carpenters and Joiners; and George Sanfacion, of the Shipwrights and Caulkers' Association. It was witnessed by Mayor James Rolph Jr., R. H. Burton, president of the Iron Trades Council, and Timothy A. Reardon, president of the Board of Public Works.

The adjustment of pending differences between the Union Iron Works and the Moore & Scott Iron Works and the members of the Shipyard Laborers' Union is still to be made. A meeting was to have been held yesterday afternoon between representatives of the yards and W. E. Castro and William A. Spooner, representing the union. This conference was postponed, however, until this afternoon at 5 o'clock. In the meantime the men are at work with the understanding that the wage question is to be settled in a day or two.

TRIBUNE-CHEVROLET PROFIT-SHARING COUPON

to be exchanged at the Orpheum box office for a numbered official share in The TRIBUNE's beautiful \$625 Chevrolet car, to be given away to the fortunate shareholder Monday evening, March 26th, on the stage of the Orpheum Theater.

Exchange it at the Orpheum quickly—today. There is but one condition. Your numbered share must be in the Orpheum on Monday night, either carried there by you, or your representative, when the winning share number is announced.

ALSO NOTE THIS:

Besides entitling you to a Chevrolet car share free this coupon will be accepted at the Orpheum box office, through an arrangement made by The TRIBUNE, as 10 cents in cash, applying on any orchestra seat for Tuesday, Wednesday, Thursday or Friday evenings. That's why it is called

A TEN-CENT CAR FARE COUPON

It pays your way to and from the Orpheum, and it is just as good as gold when presented at the Orpheum box office. Use it this week, on Tuesday, Wednesday, Thursday or Friday nights, and be given, besides, an official numbered Tribune-Chevrolet Share.

Ashamed of her bad complexion

If you, too, are embarrassed by a pimply, blotchy, unsightly complexion, try Resinol Soap and Resinol Ointment regularly for a week and see if they do not begin to make a blessed difference in your skin. They also help make red, rough hands and arms soft and white.

Resinol Soap

and Ointment are sold by all druggists. For trial free, write to Dept. 20-K, Resinol, Baltimore.

DREDGING PLAN

Commissioner Harry S. Anderson presented to the city council today a plan whereby important dredging operations may be carried out in the estuary between Alameda and Fallon streets in front of property occupied by the Santa Fe Railway Company wharves and warehouses, the company to advance the necessary funds to be reimbursed by the accumulations of toll collections made by the city.

The plan, which was adopted by the council, will enable the city to make costly improvements which it would not be able to undertake at this time and which are necessary in order to provide accommodations for an enterprise which has already put in considerable investment along the estuary.

ASK DESTROYERS

WASHINGTON, March 23.—The navy department is prepared to buy any number of torpedo boat destroyers the shipyards of the country can lay down. This was made clear by Secretary Daniels today. Accordingly a conference of all the warship builders will be held here tomorrow for the purpose of ascertaining the possibility of constructing the craft needed for the navy's program.

The most important consideration in the minds of officials is speed. Ordinarily it takes almost two years to build a destroyer, but the department is so insistent that the craft be completed within fifteen months, and within twelve months if humanly possible.

RACE CANCELLED

INDIANAPOLIS, March 23.—The 500-mile automobile race scheduled for May 20 was declared off today. James A. Allison, secretary and treasurer of the Speedway Company, declared that with the United States on the verge of war it was no time for sporting events. He further announced that his private racing automobile plant would be offered the government for the manufacture of aeroplane motors and that the speedway grounds would be offered for an aeronautical station.

IS FIFTH VICTIM

CAREY, Idaho, March 23.—Samuel P. Richards died of poisoning, his death making a total of five in the same family within a week, all victims of bella donna root, canned by mistake with spinach greens in the Richards' kitchen last fall and eaten for dinner by the family Thursday, March 15.

The first victims were Mrs. Elizabeth P. Richards, 61, and daughter, Stella, 26. Then followed Hazel, 16, and Claude, 20, son and daughter. A neighbor who ate dinner at the Richards' home took the day the greens were served also was stricken and is not yet out of danger.

TO CURTAIL LOANS

BUENOS AIRES, March 23.—South America is apprehensive that entrance of the United States into the war may seriously affect its finances. From high sources in Argentina today the beller was expressed that such a step by the United States—now regarded as certain—would result in concentration of American money into war measures and result in a curtailment of foreign loans, except to the allies fighting against Germany.

Chamberlain's Cough Remedy a Favorite for Colds.

J. L. Eastley, Alameda, Cal., in speaking of Chamberlain's Cough Remedy says: "During the past fifteen years it has been my sister's favorite medicine for colds, whooping cough, and all the other troubles of the lungs. It has saved her a number of times when suffering with a cold and it always relieved me promptly." For sale by Good Bros. Drug Stores.—Advertisement.
